school explores a range of approaches to teaching and learning it raises issues questions orthodoxies and identifies new directions

crossing boundaries the journey from teacher to teaching artist is an exhibition curated by purnima ruanglertbutr crossing boundaries displays more than sixty works of art by twenty seven secondary school visual art teachers who have recently graduated from the master of teaching secondary art program at the university of melbourne in addition to a wide range of eclectic artworks across multiple mediums this catalogue comprises succinct and informative commentaries on the role that art making plays in the graduates teaching these are special insights visual art teachers are educators who carry the expectation that to be good in the classroom they should have a vibrant private practice that in order to teach it they also have to prove that they can do it but through their works of art and artist statements the participants in this exhibition question their practice and expose themselves to continued examination and critique the commentaries reveal the graduates exhibit professional identities that amalgamate both the roles of an artist and a teacher through a re framing of the teacher of art as an artist teacher or a teaching artist the foreword by art education australia art education victoria and the introduction by the curator explores the term teaching artist within the context of the exhibition that teaching artists boast a hybrid identity fusing the roles of teacher and artist an identity that conflates two distinct professions and is successful because the artist teacher brings practitioner skills in both professions

a cooperative reflection on how to teach art how should art be taught what kind of knowledge should artists absorb how might an ordinary person become a creature addicted to the creative process in other words how can a non artist become an artist such programmatic questions articulated by acclaimed polish artist artur emijewski were at the heart of the workshop how to teach art emijewski invited a group of graduate and doctoral students from three zurich universities the swiss federal institute of technology the university of zurich and the zurich university of the arts to collectively reflect on their artistic practices over the course of four months the group met several times a week for hourlong sessions following individual and collective exercises induced by emijewski himself this book retraces the workshop and its process by showing inconclusive fragmentary results between theory and practice how to teach art presents drawings videos photographs 16mm films and accompanying reflections on the central premise how to teach art

with accessible and practical advice teaching art will help you develop effective teaching methods for your art lessons give you the confidence to try something new and understand that you don t have to be good at art to teach it well

a practical guide to teaching art and design in the secondary school bridges the gap between key themes in art and design education theory professional practice and the

classroom this practical and accessible book introduces methods for the delivery of engaging art and design lessons that safely and meaningfully address the current key issues in the subject each chapter includes tasks to support trainee and early career teachers in implementing reviewing and adapting their teaching chapters cover a range of core approaches to the curriculum such as powerful knowledge for the art and design teacher the place of art history in the curriculum and critical thinking in art and design learning in addition emerging cultural and political issues such as decolonising the art and design curriculum gender and sexuality anti ableism sustainability and well being are explored in ways designed to guide teachers towards applying their own unique teaching style linking directly to the planning and delivery of the subject in key stages 3 4 and 5 the book is divided into three sections imaginative curiosity for the art and design teacher epistemological curiosity for teachers and learners critical curiosity in the art and design classroom designed to be used independently or alongside the essential textbook learning to teach art and design in the secondary school this book is packed with practical strategies teaching ideas and activities in every chapter the book provides everything trainee and early career teachers need to reflect on and develop their teaching practice helping them to plan lessons across the subject in a variety of teaching situations

this engagingly written research and practice based book defines how art teachers can build on students creative initiatives without depending on adult imposed lesson plans and school requirements in doing so art educator and author george szekely explores the role of the arts in developing children s creativity and sense of purpose and reminds readers that students in the art classroom are unique artists designers and innovators against the backdrop of a school culture that over emphasizes compliance and standardization szekely recognizes the importance of the role of the art teacher in supporting the artistic independence and creative flare that occurs naturally in students of all ages in the classroom providing real life examples of classrooms and schools that work towards championing child artists this text arms teachers with the skills necessary to listen to their students and support them in presenting their ideas in class ultimately szekely challenges readers to focus the practice of art teaching on the student s creative process rather than the teacher s presentation of art written for pre service and in service art educators teacher educators and researchers teaching to support children s creativity and artistic independence demonstrates that an openness to youthful and inquisitive visual expression inspires a more rewarding learning experience for both teacher and child artists that can support a life long love of art

teaching art creatively is packed with ideas and inspiration to enrich teachers knowledge and understanding of art and design in the primary classroom it synthesises the philosophical and practical elements of teaching encouraging a move away from traditional didactic approaches to contemporary classroom pedagogies to develop children s creative potential with an emphasis on recognising the value of children s art

and how to support children's creative and artistic processes key topics explored include improving your own creativity competence and confidence helping children become independent artists starting points and imaginative contexts for art and design individual group and whole class work art inside and outside the classroom how to develop visual literacy the value of working alongside artists the contribution of art and design to children's overall creative development teaching art creatively offers a new model of visual arts education in the primary years illustrated throughout with examples of exciting projects children's work and case studies of good practice it will be essential reading for every professional who wishes to embed creative approaches to teaching in their classroom

the art projects in the no nonsense guide to teaching art allow the children to learn through a large variety of materials and to experience the joy of designing creating and completing pieces of art that belong to them

section specifically for parents on helping their children create art at home the book is extensively illustrated with the art of beal's students visual proof of her gifts as an educator and art enthusiast book jacket
