how best to adapt established companies to a rapidly changing economy has long been a topic of debate in both the corporate and academic worlds this challenge is especially pressing for large organizations that may have grown top heavy and rigid with time but now need to be light on their feet to stay relevant and profitable until now the best attempts have consisted of plucking tools and methods from the world of start ups and applying them wholesale in large corporate environments most of these efforts have either fizzled or failed outright because they lacked a framework for a comprehensive corporation sized rollout the loop approach introduces a new series of methods that could help change the course of operations for even the most colossal organizations sebastian klein and ben hughes provide a wide ranging set of guidelines for achieving corporate agility complete with checklists and worksheets that should prove instantly applicable want proof the methods outlined in the loop

approach have already been successfully implemented at such european corporate giants as audi deutsche bahn and telekom

this is the story of the royal canadian air force s no 126 wing part of the 2nd tactical air force as the most successful fighter combat wing on the continent of europe during world war 2 the highly mobile no 126 wing was also one of the greatest fighting machines in history the success of no 126 wing began before the d day landings and through operations at falaise gap operation market garden the winter offensive in the ardennes and crossing the rhine into germany donald nijboer examines the wing s operations chapter by chapter demonstrating how the five squadrons of spitfires of no 126 wing were self sufficient in everything they did and how after the normandy landings the ground forces could not move without this valuable support squadron and ace biographies and stunning artwork bring this fascinating book to life
