structuring investments value creation and exits foreword by mark heesen president national venture capital association benefit from the experiences of the best in class practitioners who have made investments in leading companies like zynga twitter foursquare describes how venture capital is an art as well as a science in depth and thorough the business of venture capital is the one book that includes insights tools and real world examples every practitioner can benefit from

this book focuses on the cultural challenges often faced by international managers and global business operations in the last few decades the world has witnessed unprecedented economic turmoil volatility and uncertainty which has altered the political dynamics and sociocultural landscape around the globe and directly or indirectly affected international business activities further new markets have opened up in every corner of the world brazil russia india and china collectively known as bric are strong emerging economic powers similar to the once captivated asian tigers such as hong kong singapore south korea and taiwan which rose decades ago the emergence of these markets has heightened both the opportunities and challenges for national and international businesses multinational firms are gradually expanding in the emerging markets and are expected to become giants in the foreseeable future as they expand they also need to assume increasing social responsibilities in a global context and it is important that the ways business is conducted are developed accordingly as such understanding the practices challenges and strategies that companies have developed is critical to global firm s success against this background the book highlights the importance of understanding cultural elements when managing multicultural human behaviors in the workplace based on conceptual and empirical work it pushes the frontiers of knowledge of this emerging field in international business setup and management and explores how globalization is changing the way in which multinational firms formulate their business strategies the editors of this text bring a wealth of expertise in this area as is evidenced by their choice of topics and the strength of the experts they have invited to contribute to the book the combined chapters provide both strategic guidance as well as a focus on operational concerns that may arise in international business including expatriation and human resource mobility the authors not only correctly identify the oncoming challenges but also present evidence regarding the likely solutions such as culture and innovation and global change management overall this book will be a tremendous resource for scholars in the international business field but i believe the audience will be much wider the international team of editors and authors bring a wide range of perspective as well as real world contextual knowledge that will be useful for scholars and practitioners who seek to leverage culture and human capital to advance international business and drive the global economy i applaud the editors for their vision and leadership in guiding us through one of the most challenging contemporary research areas and through one of the most pressing challenges of our day dr richard l griffith executive director institute for cross cultural management florida institute of technology melbourne fl usa

this book addresses a question of importance for both theory and practice why are joint venture agreements preferred over other types of agreements such as concession agreements service contracts and production sharing agreements in the qatari gas industry on a theoretical level the author analyses this decision making process by developing an approach that integrates a micro level analysis more specifically within international oil companies with a macro level analysis that spring from the organisational culture of the qatari gas industry at the micro level the author proposes john dunning s eclectic paradigm as one set of

theoretical ideas to explaining one element of the decision making process leading to the preference for joint venture agreements that is that of international oil companies at the macro level the author proposes antony giddens structuration theory as another set of theoretical ideas to explaining another part of this decision making process that is how it is being shaped by the organisational culture of the qatari gas industry on an empirical level the proposed book applies a combination of a micro economic approach such as dunning s eclectic paradigm with a macro sociological approach such as giddens structuration theory by empirical investigation grounded on a qualitative strategy that focuses on the meaning making which brings together different perspectives of this decision making process including those of international oil companies and the organisational culture of the qatari gas industry the proposed book utilises a case study design named the case of the qatari gas industry the author employs a triangulation of data collection techniques to access empirical data analysing official documents and semi structured interviews a sample of the interview questions are included in an appendix to the proposed books in line with the qualitative nature of this proposed book a thematic analysis is adopted to interpret data based on dunning s eclectic paradigm at the micro level and giddens structuration theory at the macro level in doing so this book connects theory with practice by investigating the preference for joint venture agreements in the case of the qatari industry by the combined application of one of the most effective frameworks for explaining foreign direct investment named dunning s eclectic paradigm along with the most complex sociological framework that offers a rich definition of organisational culture named giddens structuration theory audience could include academics professionals and graduate and senior undergraduate students
