the first book to go beyond the scandal and distraction of the world's most infamous local politician and reveal what drives Rob Ford and the many voters who steadfastly support him eye opening and at times frightening the only average guy cuts through the uproar that followed Ford everywhere a journalist before entering politics Filion peels back the layers of an extremely complicated man weaving together the personal and political stories he explains how Ford's tragic weaknesses helped propel him to power before leading to his inevitable failure through Ford the book also explains the growing North American phenomenon by which angry voters are attracted to outspoken candidates flaunting outrageous flaws for fifteen years Toronto city councillor John Filion has had an uncommon relationship with Rob Ford sitting two seats away from the wildly unpredictable councillor from Etobicoke who served as mayor from 2010 to 2014 Filion formed an unlikely camaraderie that allowed him to look beyond Rob's red faced persona seeing a boy still longing for the approval of his father struggling with the impossible expectations of a family that fancied itself a political dynasty

This book examines the health care delivery system through the window of the pharmacy intended for students in schools of pharmacy it provides an overview of the U.S. health care delivery system including hospitals ambulatory care managed care Medicare and Medicaid and health care ethics and health care reform learning objectives review questions and case studies are included along with an instructor's guide

communications have always been and are still a vital part of the army's fighting power only with clear and trusted communications can commanders support control and lead their units and soldiers the evolution of electrical communications in the last 150 years has been one of the most important developments humanity has ever witnessed as the advantages that from ever more complex equipment became apparent the need for a technical arm of the army who specialised in communication systems became apparent the royal corps of signals was founded in 1920 and since its founding the corps has been leading the development of communications delivering them in a variety of operational theatres
