in the bi personal field experiences in child analysis
antonino ferro devised a new model of the relationship between patient and analyst
in the analyst s consulting room complements and develops this model by concentrating on adults from the standpoint of the analytic field
antonino ferro explores basic psychoanalytic concepts such as criteria for analysability and ending the analysis
transformations that occur during the session the impasse and negative therapeutic reactions
sexuality and setting the author explores certain themes in greater depth including ways in which characters that appear during sessions can be interpreted
continual indications given by the patient during the emotional upheavals of the field the function of narrator which the analyst takes on to mark the boundaries of the possible worlds through clinical narrative
ferro renders bion s often complex ideas in a very personal and accessible way making this book invaluable for psychoanalysts psychotherapists psychiatrists and psychologists

complements and develops
antonino ferro s new model of the relationship between patient and analyst
by concentrating on adults

space in psychoanalysis
psychoanalysis in space explores the immense potential of psychoanalytic thought to questions of spatiality
the international contributors combine the symbolic the corporeal the libidinal and the affective aspects of human experience using psychoanalysis to reveal numerous facets and aspects of spatiality which remain invisible or blurred from other points of view
the focus moves from readings of the very physical space of the analyst s consulting

room and spatiality of the analytic situation through philosophical analyses of spatiality of the body subjectivity love and materiality to specific applications of psychoanalytic insights in a wide variety of fields from architecture to economics space in psychoanalysis psychoanalysis in space will be of interest to psychoanalysts in practice and in training as well as scholars of psychoanalytic theory cultural theory literary theory psychology urban studies space studies and philosophy chapter 3 of this book is freely available as a downloadable open access pdf at taylorfrancis.com under a creative commons attribution non commercial no derivatives cc by nc nd 4.0 license

the psychic home psychoanalysis of consciousness and the human soul develops from a number of different viewpoints the significance of home in our lives roger kennedy puts forward the central role of what he has termed a psychic home as a vital psychic structure which gathers together a number of different human functions kennedy questions what we mean by the powerfully evocative notion of the human soul which has important links to the notion of home and he suggests that what makes us human is that we allow a home for the soul as an illustration of this concept he explores how it can help to understand a vital element of william wordsworth's development as a poet the word soul is both abstract and yet also powerfully emotive kennedy shows that it can be approached from a number of different angles from psychoanalysis philosophy religion sociology literature and neuroscience the psychic home discusses the mysteries and complexities of the soul and aims to evoke some restoration of its place in our thinking it illustrates how the word soul and similar key words such as spirit and inwardness express so much that is essential for humans even if we cannot be too precise about their meanings insightful enlightening and broad reaching the psychic home brings the concept of the soul centre stage as an entity that is elemental an essence irreducible and what makes us human as subjects of experience it will be essential reading for psychoanalysts psychotherapists neuroscientists philosophers and those interested in spirituality and religion

by focusing on quantitative and qualitative research in rio de janeiro and buenos aires this book expands on the notion of therapeutic culture usually considered a global phenomenon disseminated from north to south and associated to modern forms of psychologized subjectivity therapeutic culture has become a key notion to understanding contemporary culture however this path breaking research grounded in a bottom up perspective that follows specific therapeutic narratives shows that the concept of the therapeutic should be extended to encompass a diversity of practices both secular and religious modern and traditional that are deemed as therapeutic by the actors involved although they are overlooked as such by most of the current literature pentecostal and afro brazilian religions as well as new age practices coexist and interact with conventional therapeutic techniques such as psychoanalysis conforming complex and hybrid therapeutic networks associated to different also hybrid forms of subjectivity although the book draws upon two cases from the global south its theoretical conclusions are applicable to the analysis of the realm of the therapeutic at large the book is aimed at university students both graduate and undergraduate and at the general public interested in the notion of the therapeutic and specifically in latin american culture

based upon the transactions of a research study group of the psychoanalytic research and development fund which met 35 times during the years 1964 through 1968

include abstracts and book reviews

hedges introduces the term the organizing experience to chart the course of early trauma to its

impact on adult living and the transference situation he describes the infant's primary life task as organizing channels to the human nurturing environment first physiological connections to the mother's body and later psychological connections to the mother and others during the organizing experience inevitable traumas leave memory traces that affect subsequent interpersonal relationships even if the infant has the good fortune to be born healthy and into an optimal family environment he or she must endure intense moments of needing and desiring that are not or cannot be responded to in the exact ways or in the precise time frames the infant needs to maintain a sense of internal harmony and continuity what then becomes conditioned during the organizing period is a terror and avoidance of certain kinds of interpersonal connections or situations because the infant initially found them traumatizing

a clear succinct and comprehensive presentation of C. G. Jung's method of dream interpretation drawing extensively on her own practice as well as the theories of analytical psychology Dr. Mattoon discusses the nature of dreams while also offering step by step advice on how to interpret them and how to verify those interpretations publisher description

In 1975 the influential literary critic Frederick Crews documented the erosion of his Freudian sympathies now in his latest carefully reasoned study he reveals where that reappraisal took him and why he has come to regard himself as an opponent of all self-validating doctrines presenting a searing critique of pretension and folly in the literary academy Crews applies his skepticism to such diverse figures as Joseph Conrad Henry Miller Norman Mailer Philip Roth and Leslie Fiedler
