the rising importance of community organizing in the us and more recently in britain has coincided with the developing significance of social movements and identity politics debates about citizenship social capital civil society and religion in the public sphere at a time when

participation in formal political process and membership of faith groups have both declined dramatically community organizing has provided a new opportunity for small community groups marginalized urban communities and people of faith to engage in effective political action through the developments of inter faith and cross cultural coalitions of groups in spite of its renewed popularity little critical attention has been paid to community organizing this book places community organizing within debates about the role of religion in the public sphere and the rise of public theology in recent years the book explores the history methodology and achievements of community organizing engaging in a series of conversations with key community organizers in the us and britain this volume breaks new ground by beginning to articulate a cross cultural and inter faith theology for community organizing that arises from fresh readings of liberation theology

community organizing provides new insight into an important national challenge how to stimulate the formation of genuinely community based organizations and effective citizen action in neighborhoods that have not spawned these efforts spontaneously since robert putnam s identification of the role of social capital in regional governance and economic development there has been a virtual industry of interest and action created around the implications of his findings for the development of low income communities yet there remains a paucity of detailed empirical effort testing and refining his ideas this book attempts to fill this gap community organizing distills lessons from a national demonstration program that employed a novel approach to community organizing consensus organizing consensus organizing enhances social capital building both stronger internal ties and capacity in low income communities and fostering new relations bridges between residents of low income communities and larger metropolitan area support communities using evaluation research and detailed comparative study of community development activity in three diverse demonstration sites ross gittell and avis vidal identify key elements of building social capital which strongly affect community development comprehension of community development credibility of effort and participants confidence competence and constructive critiques of efforts other elements are more relevant to program management and implementation and include communication among participants congruence of program effort management of inherent contradiction and adjusting implementation to reflect local context this book describes the limits and promise of building social capital and will be of interest to community development students and professionals

this revised edition of a well known and widely used text in community organizing and development fully examines the broad and changing political and social settings that influence actions while portraying the infra structure of social change the knowledge personnel and organizations that enable such work to be successfully accomplished the text brings together the practicalities of organizing and development

fund raising working out news releases running an organization orchestrating political actions academic knowledge and explains why various approaches work as well as the values and ideologies that guide what is to be done it provides the foundations of organizing and development work and then describes how activists through following either a social confrontation model or an economic and social production approach can respond to economic and social problems

this accessible and comprehensive book will help social work educators efficiently teach students methods of practice that they need to know in order to offer the best services to clients with a variety of different needs in a variety of settings containing many assignments and exercises that combine new technology with progressive ideas about integrating theory and practice this valuable guide consistently addresses topics that past students may not have learned in the classroom innovative approaches for teaching community organization skills in the classroom describes teaching methods that will educate your students on the development of self awareness multicultural competency and ethical content for practice in order to prepare them for the diverse situations that may arise in their professional careers

youth led organizing is increasingly receiving attention from scholars activists and the media delgado and staples have produced the first comprehensive study of this dynamic field their well organized book takes an important step toward bridging the gap between academic knowledge and community practice in this growing area

the text provides a comprehensive introduction to the wide variety of approaches that guide social change social activism and community building work community organizing and development links various theories of organizing to the techniques and tactics of practice it is vividly illustrated using real life practice examples

a path breaking book the first to examine the evolution of community organizing in u s cities while embracing mobilization the contributors acknowledge the challenges inherent in globalization and the norms and values that shape contemporary american culture still they reaffirm that community organizing has an important role to play as part of a broader progressive movement

community organizers build solidarity and collective power in fractured communities they help ordinary people turn their private pain into public action releasing hidden capacities for leadership and strategy in collective action for social change aaron schutz and marie g sandy draw on their extensive experience participating in community organizing activities and teaching courses on the subject to empower novices to

think like an organizer

this book provides a brief introduction to what is variously called faith based congregation based and institution based community organizing grounded in a composite case study of an actual organizing effort it shows how local communities can be organized for power key organizing concepts and strategies are illustrated with stories of real encounters with leaders communities and powerful opposition figures in the approach described here civic and religious institutions come together to give the community a collective voice organizers help a community build a powerful organization rooted in core values of democracy and the social justice teachings of the world s great religious traditions saul alinsky developed the foundations of the tradition of organizing described here an approach that remains dominant in the u s today alinsky rooted power deeply in the lives relationships and institutions of marginalized and oppressed people in his early organizing days his organizations brought together a wide range of institutions religious congregations and labor unions as well as mutual aid self help athletic sororal and fraternal neighborhood and other voluntary associations by the late 1970s as non congregational neighborhood associations fell into decline organizers in the alinsky tradition started looking more carefully at how to sustain the vibrancy of the religious institutions that remained organizers sought to help congregation members become co creators rather than consumers of the life of their churches and worked to help members connect their faith more directly to action in the world in this way they helped make both faith and the action more meaningful this little book tells the story of one congregation that was a member of a broadly based community organization and how a community organizer assisted its development as a true community

this is the ebook of the printed book and may not include any media website access codes or print supplements that may come packaged with the bound book explores how helping professionals effectively work in the community community organization theory and practice provides readers with the theories tools and strategies needed to organize effective participatory change efforts in communities readers will learn how these theories inform and can help direct the type of organizing that will work best for a specific community based on its personality needs and resources community organization is designed as both a textbook and a reference guide for professionals in the helping field standards for excellence series designed to help students advance their knowledge values and skills the standards for excellence series assists students in associated cshse s national standards to all levels of human service practice the standards for excellence grid at the start of the book provides a quick view of the cshse standards addressed in each chapter
