this book is the first comprehensive account of the international labour organization s 100 year history at its heart is the concept of global social policy which encompasses not only social policy in its national and international

dimensions but also development policy world trade international migration and human rights the book focuses on the ilo's roles as a key player in debates on poverty social justice wealth distribution and social mobility subjects and as a global forum for addressing these issues the study puts in perspective the manifold ways in which the ilo has helped structure these debates and has made through its standard setting technical cooperation and myriad other activities practical contributions to the world of work and to global social policy

based on the case of the ilo both as an actor and driver of international social policy this collection explores the internationalization process of social rights in a number of national and international contexts this collection brings together a variety of new scholarship by a group of highly qualified and internationally renowned scholars

this open access book explores the role of the ilo international labour organization in building global social governance from multiple and mutually complementary perspectives it explores the impact of this un's oldest agency founded in 1919 on the transforming world of work in a global setting providing insights into the unique history and functions of the ilo as an organization and the evolution of workers rights through international labour standards stemming from its regulatory mechanism the book examines the persistent dilemma of balancing the benefits of globalization with the protection of workers it critically assesses the challenges that emerge when international labour standards are implemented and enforced in highly diverse regulatory frameworks in international regional national and local contexts the book also identifies feasible ways to achieve more inclusive labour protection putting into perspective the tension between the economic and the social in the ilo's second century of operation it includes reflections on the work of the ilo world commission on the social dimension of globalisation by tarja halonen who as president of finland co chaired the commission with benjamin william mkapa president of tanzania written by distinguished experts and scholars in the fields of international labour law and international law the book provides an insightful and in depth analysis of the role of the ilo as an international organization devoted to decent work and social justice it also sheds light on tripartism and its particular role in the work of the ilo examining the challenges that a profoundly changing working life presents in terms of labour protection and social justice and examining the transnational dimension of labour law lastly the book includes a postscript by nobel economics laureate professor joseph e stiglitz

the international labour organization was created in 1919 as part of the treaty of versailles that ended the first world war to reflect the belief that universal and lasting peace can be accomplished only if it is based on social justice as the oldest organisation in the un system approaching its 100th anniversary in 2019 the ilo faces unprecedented strains and challenges since before the financial crisis the

global economy has tested the limits of a regulatory regime which was conceived in 1919 the organisation's founders only entrusted it with balancing social progress with the constraints of an interconnected open economy but gambled almost entirely on tools of persuasion to ensure that this would happen whether that gamble is still capable of paying off is the subject of this book by a former ilo insider with an unrivalled knowledge of its work the book forms part of a broader inquiry into the relevance of founding institutional principles to today's context and strives to show that the bet made on persuasion may yet pay off in part the text argues that there may be little alternative anyway showing that the pathways to more binding solutions are fraught with difficulty it also shows the ilo's considerable future potential for promoting effective universal regulations by extending its tools of persuasion in as yet insufficiently explored directions starting with an examination of how the organisation's institutional context differs from 93 years ago the author goes on to evaluate the prospects of numerous proposals put forward today including the trade labour linkage but going beyond this as a case study in how strategic choices can be made under legal social and institutional constraints the book should be valuable not only to those with an interest in the ilo but to anyone who studies international organisation labour law law and society or political economy

presents innovative perspectives on the moral and legal obligations of individuals and institutions toward workers in the global era

in a world of work that has changed dramatically over the last few years states see themselves confronted with new actors and conflicting international legal obligations this book examines the tensions between core labour rights as defined by the international labour organisation and the interests of international economic institutions e g wto imf world bank oecd it provides an analysis of the legal interactions between international regulations and state policy with regard to potential regulatory conflicts at both the horizontal and vertical level the study suggests a model of multilevel consistency as a way of reconciling the highly specialised and fragmented legal systems of core labour rights on the one hand and trade liberalisation on the other to form the coherent framework of a consistent legal order its detailed analysis and recommendations are designed for both academic readers and practitioners in international organisations and governments

platform work the matching of the supply of and demand for paid labour through an online platform often depends on workers who operate in a grey area between the archetype of an employee and a self employed worker this important book explores the utility of the international labour organization's existing standards in governing this phenomenon it indicates that despite their relevance many standards have little or no impact the standards apply to the issue but they fail to connect with it the author shows how three ilo conventions the home work

convention 1996 no 177 the private employment agencies convention 1997 no 181 and the domestic workers convention 2011 no 189 can be revitalised to have an impact on the platform work debate in the course of the analysis he responds in depth to such questions as the following what are digital labour platforms what does decent work mean did the ilo centenary fundamentally change anything what is the link between private employment services and platform work how do crowdworkers relate to homeworkers and teleworkers are platform workers engaged in domestic work what form could a future ilo standard on platform work take given that the ilo plans to start discussions on a potential future standard for platform work in 2022 this book will prove very useful in highlighting the issues and standards that such discussions should consider research has shown that the techniques and tools of the platform economy have spread far beyond gig work resulting in widespread gigification and restructuring of workplace behaviours and relationships jobs and communities across the world for this and other reasons including the book s detailed analysis of issues not addressed elsewhere labour lawyers in house counsel researchers and policymakers will gain valuable insight into what decent work in the platform economy would require thus greatly broadening the discussion on this difficult to regulate phenomenon

recounts through the examination of a selected number of situations the problems that the ilo faced and faces

concern over the relationship between human rights social justice and international trade competitiveness has led to the inclusion of the issue of the rights of workers in the agenda of leading international organizations international labour issues once seen as a monopoly preoccupation of the ilo international labour organization have now become important issues in other international organizations as well as within regional trading blocs this original study examines the extent to which international labour issues have become issue of concern within the european union the ilo the oecd organisation for economic cooperation and development and the wto world trade organization the internationally known authors of this book have been long time observers of the work of international organizations on labour rights and globalisation and have been leaders in the effort to bring issue of social justice onto the international agenda social issues globalisation and international institutions labour rights and the eu ilo oecd and wto is the culmination of a project of the program for the study of international organization s psio at the graduate institute of institute of international studies geneva switzerland hei supported by a grant from the ford foundation with contributions by philip alston steve charnovitz andrew clapham robert howse brian a langille and james salzman

first published in 1931 this study was written by various officials of the international labour office and provides an overview of the work of this institution as it was in the years after its initial formation the authors provide a full and

systematic description of the activities within the organisation and will be of great interest to scholars and students of political and labour history

what is the place of women in global labour policies women's ILO transnational networks global labour standards and gender equity 1919 to present gathers new research on a century of ILO engagement with women's work it asks what was the role of women's networks in shaping ILO policies and what were the gendered meanings of international labour law in a world of uneven and unequal development women's ILO explores issues like equal remuneration home based labour and social welfare internationally and in places such as Argentina Italy and Ghana it scrutinizes the impact of both power relations and global feminisms on the making of global labour policies in a world shaped by colonialism the cold war and post colonial inequality it further charts the disparate advancement of gender equity highlighting the significant role of women experts and activists in the process contributors are Paula Lucía Aguilar Lucia Artner Eloisa Betti Chris Bonner Eileen Boris Akua O'Britwum Dorothy Sue Cobble Dorothea Hoeftker Pat Horn Sonya Michel Silke Neunsinger Renana Jhabvala Marieke Louis Yevette Richards Mahua Sarkar Kirsten Scheiwe Françoise Thébaud Susan Zimmermann this is a must read volume for scholars and students interested in women labor and international transnational history Judy Tzu Chun Wu University of California Irvine USA this fascinating collection of essays assesses the ILO's role in securing social justice for women workers around the world and asks how that role might change as the world of work is transformed in the next century Celia Donert University of Liverpool this exciting collection provides a long overdue state of the art on gender politics and the ILO it will no doubt be the work of reference on the topic for years to come Elisabeth Prügl Graduate Institute of International and Development Studies Geneva

this book provides a brief but thorough introduction to the formulation adoption and application of internationally agreed standards of good practice in labour matters international labour conventions and recommendations and has been updated to cover developments up to mid 1997 the manual is intended for trade unionists students and the general reader interested in labour matters social issues and human rights it is designed for use on workers education courses as well as for individual study

how are national and international labour laws responding to the challenge of globalization as it reshapes the workplaces of the world this collection of essays by leading legal scholars and lawyers from Europe and the Americas was first published in 2006 it addresses the implications of globalization for the legal regulation of the workplace it examines the role of international labour standards and the contribution of the international labour organization and assesses the success of the European experiment with continental employment standards it explores the prospects for hemispheric cooperation on labour standards in the

americas and deals with the impact of international labour standards on the rights of women and migrant workers as the nature and organization of work around the world is being decisively transformed new regional and international institutions are emerging that may provide the platform for new labour standards and for protecting existing ones

this timely research review provides a comprehensive discussion of seminal articles analyzing and debating current key topics in the field of international labour law in particular the review focuses on the central role of the international labour organization ilo in the adoption and enforcement of labour standards as well as the normative content of ilo conventions forming the basis for the ilo declaration on fundamental principles and rights at work professor fick also pinpoints important articles which critically consider non ilo mechanisms for enforcing labour standards assessing their effectiveness and practicality as well as scholarship reflecting on the future of international labour law and how it is impacted by the ilo declaration the dialogue on human rights and changes in the nature of the labour market in a global economic system
