initiation into hermetics is the first and most important of franz bardon s works and is rightly regarded as the cornerstone of his entire opus in contrast to other authors on the subject of magic bardon focuses his attention on the practical training necessary for all true magical attainment using the four elements of fire water air and earth as a foundation bardon teaches the student how to master these universal forces in the three worlds of body soul and spirit bardon leads the student step by step through exercises providing detailed training in the entire arcanum of magic from basic techniques in thought control to advanced teachings in astral travel and much more no other writer has ever developed such a clear concise and practical program of magical development

in initiation into hermetics franz bardon presented a system of practices graded by degrees to accompany the adept from the simplest level to the most complex state yet both the practices and teachings contained in his book function only as tools that only in hand of someone able to use them correctly come to their ultimate goal how many people have practiced so dedicatedly and still practice these techniques and fall short of what they hoped to achieve how many years have you dedicated to this goal in order to carry out the great work an unshakable determination is always necessary but if you continue to use the same techniques always you will unfortunately always get the same results how much time do you still believe you have in this life to achieve what you set out to achieve using improved techniques in the right way and improving them always more is what will lead to the dreamed goal and we have no time to lose among the alchemists it was said that the philosopher s stone is like a forgotten treasure in a pit and that the more one tried to catch more the gap deepened and more roots appeared between them and their objective that is exactly what has happened and has plagued many of the dedicated students of hermetic both today and in the past ages and the hard truth is made present because the path that can be followed does not lead to the true path because this is something that presents itself himself in his own way and with his absolute power unquestioning authority being the strong force of all strength to teach you the means of how to arrive in this state of supreme bliss where the universe converges to bless you is the purpose of this book magnus sarmarx

the realization into hermetics initiation and masters part 1 2 and 3 books is united here for preparation for the new book who is coming in initiation into hermetics franz bardon presented a system of practices graded by degrees to accompany the adept from the simplest level to the most complex state yet both the practices and teachings contained in his book function only as tools that only in hand of someone able to use them correctly come to their ultimate goal how many people have practiced so dedicatedly and still practice these techniques and fall short of what they hoped to achieve how many years have you dedicated to this goal in order to carry out the great work an unshakable determination is always necessary but if you continue to use the same techniques always you will unfortunately always get the same results how much time do you still believe you have in this life to achieve what you set out to achieve using improved techniques in the right way and improving them always more is what will lead to the dreamed goal and we have no time to lose among the alchemists it was said that the philosopher s stone is like a forgotten treasure in a pit and that the more one tried to catch more the gap deepened and more roots appeared between them and their objective that is exactly what has happened and has plagued many of the dedicated students of hermetic both today and in the past ages and the hard truth is made present because the path that can be followed does not lead to the true path because this is something that presents itself himself in his own way and with his absolute power unquestioning authority being the strong force of all strength to teach you the means of how to arrive in this state of supreme bliss where the universe converges to bless you is the purpose of this book the path to the great work is unique in its direction but multiple in its strands hermeticism is to follow this path by obtaining the union of all powers and balancing them both in a passive receptive and active aggressive manner the union of the elements and their absolute

control over the protection of the law of manifestation of polarity is the realization of the scepter of the power and the full consecration of the master in this art the human being in his conscious state supports only a tiny fraction of the cosmic consciousness thus making it impossible for him alone to touch and unite with the higher powers only with the application of the law of polarity in its deepest strand is obtained so your success both your conscious and perceptible as well as your unconscious and imperceptible must be directed towards achieving such a noble goal for the vast majority of the uninitiated what they do not perceive and which can not be touched or conceivable by them is not part of their world practically for them is something that does not exist yet it is precisely this inconceivable and unexpected part that when presented in their lives it assaults to him of surprise and of fatal way when a higher power manifests itself in the world it is only perceptible and comprehensible in its totality to those who are on the same level the lower levels only perceive fractions and the lower ones have never been able to comprehend it and these which are so are adapted so much to their material physical state that they disconnected completely forgot the grandiosity from which they came from the power of their microcosm and from their sacred counterpart the macrocosm the initiate was already able to apply the law of polarity and thus obtain and fix his own reintegration with the flow of divine providence in this world strengthening him with blessing and power making his life be watched over by superior and absolutely holy forces and now to consecrate his masters he needs to reintegrate with the foundation of this power so deeply that they will become more than inseparable when he came into this world his being in the process of incarnation was turned away from the holy powers forces and plans his vibrational state equaled to this time and finally to the material social and emotional environment then reborn yet his spirit in his state always imperative and present directed him again by the experiences of his life and by the love of his heart to reintegrate and rise again reconnecting to the sacred plans forces and powers thus extinguishing their pendencies with this world and allowing their ascension the first step in this sacred way has already been given in the last book with the true initiation and now its kingdom must be re erected here in its fullness to obtain the master only from this conquest that can go forward and obtain sacred realization the universal fire establishing itself in the magus as it was shown in the practices of the last book grants it abilities and powers that for many were unknown and sometimes unbelievable make use of its forces and carry on with all its power we will still speak in the first part of this book how to stabilize and deepen still further in this force there is nothing in the world that can be compared to it this force and this power is the foundation for your salvation and after the realization you can obtain with it the supreme most holy sacred sword and in obtaining this upper and crushing force his horizons widened beyond the barriers of the mortal world and at this point he could open the way to his beloved brethren who still trapped the chains of the world follow in the midst of great sufferings with unshakeable strength and will on the way of the great work when the time comes just as i am doing to you my holy brother lift your supreme most holy sacred sword and walk the path for them for the initiate who has already built the pillars of the universal elements fire and air their resources will be expanded here so that they can safely obtain the pillar of the universal water element this is the next step fire is strength and power air is wisdom and water is universal love from which blessing healing

and infinite life is born uniting human heart with divine heart micro and macro and the infinite power that is born from this state being in the now living consciously and unconsciously in the deepest center of all powerful superior loving deeply and generating strength and being deeply loved thus generating courage by locating and accepting the love of the beings of the universe accepting that there are forces and powers that through divine grace and its infinite power mercy and strength protect and bless you deeply recognizing and reconnecting with this supreme power and feeling it fully by maintaining this power and this state of receptivity feel this active power deeply in your life present past and future conscious and unconscious lucky success and well being alive permanent and real magnus sarmarx

though cast in the form of a novel *Frabato the Magician* is in fact the spiritual autobiography of Franz Bardon one of the twentieth century's greatest hermetic adepts. *Frabato* was the author's stage name during his career as a performing magician and it is *Frabato* who occupies center stage in the novel as well. Set in Dresden, Germany, in the early 1930s, the story chronicles *Frabato's* magical battles with the members of a powerful and dangerous black lodge, his escape from Germany during the final desperate days of the Weimar Republic and the beginning of his spiritual mission which was to culminate in Franz Bardon's classic books on hermetic magic. More than just an occult novel, *Frabato the Magician* is itself a work of magic which illuminates Bardon's other books as well as providing a revealing look into the dark occult forces which lay behind the rise of the Third Reich.

A guide to realizing your highest magical and spiritual potential provides initiatory wisdom and practices structured around the Tree of Life to maximize spiritual powers and creativity. Presents strategies for self-actualization drawn from transpersonal psychology, spirituality, Gaia-based religions, the Western Hermetic Tradition, Kabbalah, and other mystical traditions. Including the teachings of Franz Bardon, offers practices for enhancing connection to one's higher self, exploring dreamtime on the astral plane, dissolving negativity, and developing mental clarity. In initiation, something happens to us; we change; some aspect of ourselves is transformed. The result is that the various forces within us—desires, dreams, motivations, and inspirations—are amplified, deepened, and redirected. Ultimately, the goal is to become your own creation, your better self, the person you wish to be. In this guide to realizing your highest magical and spiritual potential, William Mistele presents a wealth of practices and initiatory wisdom structured around the Tree of Life to help you develop the vast spiritual world within. Drawing on Hermetic teachings, the Kabbalah, and the elemental magic of Franz Bardon, he provides psychological skills to master dreams, to explore, and initiations to experience. His methods enhance sensory perception and deepen feelings of peace and oneness with the universe. For each of the ten Sephiroth of the Tree of Life, progressing from those connected to the physical world to those connected to the astral plane, enlightenment and the higher self, Mistele offers challenges for the reader to accomplish and magical methods to unite oneself from within with the four elements of nature: earth, air, fire, and water. He shares practices for learning to talk to and gain the cooperation of your subconscious, techniques for dissolving negativity, ways to create bliss and ecstasy at will, and the means for enhancing a connection to one's higher self. Providing a roadmap to the spiritual world, Mistele empowers you to have more self-understanding, to be more successful and confident, and to have the imagination and spiritual freedom to transform into the person you wish to be.

people who are magicians from people who merely possess magical skills and abilities in the process of discussing these components virgil also elaborates on magical principles explained in his previous books offers helpful advice for common problems magicians will encounter during their training and elucidates one of the most misunderstood exercises of bardon s training system
