cooperation across borders requires both knowledge of and understanding of different cultures this is especially true when it comes to the law this handbook is the first to comprehensively present selected legal cultures based on a very specific set of structural elements which can be found in all such cultures legal cultures are a product of and impacted by certain fundamental and commonly shared ideas on and expectations of the law in all modern societies these ideas are to a certain degree institutionalized or at least embedded in institutionalized practices these practices determine the way lawyers are educated and apply the law how they engage with the ongoing internationalization of law and what kind of values they adhere to looking at these elements separately enables the reader to identify similarities and differences and to explain them contextually understanding these general features of legal cultures can help avoid misunderstandings or misinterpretations of foreign law and its application accordingly this handbook is a necessary starting point for all kinds of legal comparative studies conducted by

academics students judges and other legal practitioners

this book is an essential contribution to understanding russian law for english speakers in a time when the energy markets in europe are changing away from russian dependence on oil and gas dr svendsen explains what the legal consequences will be if we would experience cross border harm as a result of an oil spill from offshore installations on the norwegian and the russian side of the sea border in the barents sea this book examines russian and norwegian rules governing liability choice of law recognition and enforcement damage third party losses environmental harm and valuation of environmental harm

this anthology illustrates how law and economics is developing in europe and what opportunities and problems both in general and specific legal fields are associated with this approach within the legal traditions of european countries the first part illuminates the differences in the development and reception of the economic analysis of law in the american common law system and in the continental european civil law system the second part focuses on the different ways of thinking of lawyers and economists which clash in economic analysis of law the third part is devoted to legal transplants which often accompany the reception of law and economics from the united states finally the fourth part focuses on the role economic analysis plays in the law of the european union this anthology with its 14 essays from young european legal scholars is an important milestone in establishing a european law and economics culture and tradition

analyse af hvad der sker når frygt får juridisk og politisk betydning dels teoretisk ud fra en retshistorisk vinkel dels praktisk ud fra en række af nye love og regler funderet i frygt

this book is a legal research guide that addresses the internationalization and globalization of both the new curriculum for law schools especially in the u s and the practice of law the book covers the subject of legal research methods in the u s and europe in a depth and detail not found in other works it can be used as a treatise on the subject or a textbook for a foreign and international legal research class this second edition includes more research tips and a revised chapter 4 with a special section on the eu s treaty of lisbon this edition also includes a teachers manual as a companion to chapters 3 7

includes entries for maps and atlases
