published under the garamond imprint available in the us through altamira press this is a book about a distinctive methodological approach inspired by one of canada s most respected scholars dorothy smith institutional ethnography aims to answer questions about how everyday life is organized what is conventionally understood as the relationship of micro to macro processes is in institutional ethnography conceptualized and explored in terms of ruling relations the authors suggest that institutional ethnographers must adopt a particular research stance one that recognizes that people s own knowledge and ways of knowing are crucial elements of social action and thus of social analysis specific attention to text analysis is integral to the approach institutional ethnography is remarkably well suited to the human service curriculum and the training of professionals and activists its strategy for learning how to understand problems existing in everyday life appeals to many researchers who are looking for guidance on how to take practical action at the same time the highly elaborated theoretical foundation of institutional ethnography is difficult to deal with in the brief time most students are in the classroom the authors successfully tackle the issue of teaching and applying institutional ethnography campbell and gregor have been testing out instructional methods and materials for many years mapping social relations is the product of that effort

in this edited collection institutional ethnographers draw on their field research experiences to address different aspects of institutional ethnographic practice as institutional ethnography embraces the actualities of people s experiences and lives the contributors utilize their research to reveal how institutional relations and regimes are organized as a whole the book aims to provide readers with an accurate overview of what it is like to practice institutional ethnography as well as the main varieties of approaches involved in the research

a comprehensive guide to the alternative sociology originating in the work of

dorothy e smith this handbook not only explores the basic founding principles of institutional ethnography ie but also captures current developments approaches and debates now widely known as a sociology for people ie offers the tools to uncover the social relations shaping the everyday world in which we live and is utilized by scholars and social activists in sociology and beyond including such fields as education nursing social work linguistics health and medical care environmental studies and other social service related fields covering the theoretical and methodological underpinnings of ie recent developments and current areas of research and application that have yet to appear in the literature the palgrave handbook of institutional ethnography is suitable for both experienced practitioners of institutional ethnography and those who are exploring this approach for the first time

this book explores recent developments in institutional ethnography ie and offers reflective accounts on how ie is being utilised and understood in social research ie is a sociological sub discipline developed by dorothy e smith that seeks to explicate the textual mediation of people s everyday experiences in their local sites of being

in this edited collection institutional ethnographers draw on their field research experiences to address different aspects of institutional ethnographic practice as institutional ethnography embraces the actualities of people s experiences and lives the contributors utilize their research to reveal how institutional relations and regimes are organized as a whole the book aims to provide readers with an accurate overview of what it is like to practice institutional ethnography as well as the main varieties of approaches involved in the research

outlines a method of inquiry that uses everyday experience as a lens to examine social relations and social organization this book is suitable for classes in sociology ethnography and women s studies

incorporating texts into institutional ethnographies presents a selection of essays highlighting the ethnographic investigation of how texts coordinate and organize people s activities across space and time

a form of critical ethnography introduced to the social sciences in the late 1990s institutional ethnography uncovers how things happen within institutional sites providing a new and flexible tool for the study of how work is co constituted within sites of writing and writing instruction the study of work and work processes reveals how institutional discourse social relations and norms of professional practice coordinate what people do across time and sites of writing adoption of ie offers finely grained understandings of how our participation in the work of writing writing instruction and sites of writing gives material face to the institutions that govern the social world in this book michelle lafrance introduces the theories rhetorical frames and methods that ground and animate institutional ethnography three case studies illustrate key aspects of the methodology in action tracing the work of writing assignment design in a linked gateway course the ways annual reviews coordinate the work of faculty and writing center administrators and staff and how the key term information literacy socially organizes teaching in a first year english program through these explorations of the practice of ethnography within sites of writing and writing instruction lafrance shows that ie is a methodology keenly attuned to the material relations and conditions of work in twenty first century writing studies contexts ideal for both practiced and novice ethnographers who seek to understand the actualities of social organization and lived experience in the sites they study institutional ethnography expands the field s repertoire of research methodologies and offers the grounding necessary for work with the ie framework it will be invaluable to writing researchers and students and scholars of writing studies across the spectrum composition and rhetoric literacy studies and education as well as those working in fields such as sociology and cultural studies

this edited volume gathers top scholars from across disciplines generations and countries to provide constructive commentary on the theory methods and practices of institutional ethnography these contributions explore themes of relevance to institutional ethnographers that are both enduring and newly emerging how institutional ethnographers can take an expanded view of social institutions how they might explore the dynamics of ruling relations over

time what results from understanding experience as dialogue including internal or in skull dialogue the significance of standpoint and the opportunities for institutional ethnographers to move beyond texts as they discover and describe social relations a key aspect of critical commentary on institutional ethnography and one that distinguishes it from others is the forward looking orientation of the authors this perspective allows them to establish bridges between the institutional ethnography that has been developed heretofore and the potential that is looming for such a mode of inquiry into the social as such the book is both informative and inspirational

institutional ethnography ie originated as a feminist alternative to sociologies defining people as the objects of study instead ie explores the social relations that dominate the life of the particular subject in focus simply institutional ethnography is written by two pioneers in the field and is grounded in decades of groundbreaking work dorothy e smith and alison i griffith lay out the basics of how institutional ethnography proceeds as a sociology the book introduces the concepts discourse work text that institutional ethnographers have found to be key concepts used to organize what they learn from the study of people s experience simply institutional ethnography builds an ethnography that makes this material visible as coordinated sequences of social relations that reach beyond the particularities of local experience in explicating the foundations of ie and its principal concepts simply institutional ethnography reflects on the ways in which the field may move forward

now in its fourth edition this leading introduction to ethnography has been thoroughly updated and substantially rewritten the volume offers a systematic introduction to ethnographic principles and practice and includes a new chapter on ethnography in the digital world the authors argue that ethnography is best understood as a reflexive process this requires recognition that social research is part of the world that it studies and demands that researchers reflect on how they shape both data and analysis starting in chapter 1 with an outline of the principle of reflexivity against the background of competing research philosophies the authors go on to discuss the main features of ethnographic work including the selection and sampling

of cases the problem of access field relations and observation interviewing the use of documents recording and organizing data the process of data analysis and writing research reports there is also consideration of the ethical issues involved in ethnographic research throughout the discussion draws on a wide range of illustrative material from classic and more recent studies within a global context the new edition of this popular textbook will be an indispensable resource for undergraduate and postgraduate students and for all researchers using ethnographic methods in the social sciences and the humanities

this entry discusses the conceptualization of institutional ethnography ie as well as the parameters of employing this methodology it reviews several previous ie projects in sexuality health care education welfare and work policy development home and organizational life because an understanding of dorothy smith s ontology of the social which organizes her feminist epistemology a sociology for people is important in employing ie this entry summarizes her ontological and epistemological arguments in addition this entry offers potential new directions for ie including a look at social relations in cyberspace and the potential connection with queer and postcolonial theories

this text is firmly grounded in critical social analysis

institutional ethnography ie was developed by sociologist dorothy smith 1987 2006 and later used by other feminist social scientists e g devault 2006 the methodological approach has explicit critical or liberatory goals to explicate processes of subordination it is also rooted in marxist and feminist scholarship this entry examines the roots of ie conceptualized by smith as a methodology for women ie has been advanced through interdisciplinary approaches which attend to sites of institutional production and how the institution produces daily lives while scholars who use ie employ various epistemological approaches this entry suggests that a feminist epistemological approach will create the space for those voices that are often marginalized and repressed to emerge further engagement with the methodology could incorporate

analysis of subjectivities through an

the editors and contributors to this collection offer insights into the use of institutional ethnography for three primary purposes to investigate and interrogate the cultures of work that are of interest to writing studies researchers to understand more deeply what constitutes this work and to consider how work takes shape within institutional contexts building on prior conversations about institutional ethnography critical ethnography and the complexities of writing programs the editors and chapter authors consider their application to sites of writing and writing instruction in doing so they reveal the power of material conditions institutional and field based values and the cultures of writing to shape how people carry out their everyday work in writing programs and other venues in which writing plays a central role the findings shared in this edited collection provide insights into how institutional ethnography as a form of inquiry can make important contributions to the fields many ongoing conversations about the nature of our work labor and other writing related interests

this case provides an account of conducting an institutional ethnographic study as part of doctoral study to explore the experiences of students in higher education who have caring responsibilities for children under 18 years of age this case study provides an account of the thought behind designing an institutional ethnography within the field of the researcher s professional practice it considers the practical implications of applying the institutional ethnographic approach and discusses the utility of institutional ethnography to professional practice research but also considers the implications for validity of conducting ethnographic research in this context

just as newspapers do not typically engage with the ordinary experiences of people s daily lives so organizational studies has also tended largely to ignore the humdrum everyday experiences of people working in organizations however ethnographic approaches provide in depth and up close understandings of how the everyday ness of work is organized and how in turn work itself organizes people and the societies they inhabit organizational

ethnography brings contributions from leading scholars in organizational studies that serve to unpack an ethnographic perspective on organizations and organizational research the authors explore the particular problems faced by organizational ethnographers including questions of gaining access to research sites within organizations the many styles of writing organizational ethnography the role of friendship relations in the field problems of distance and closeness the doing of at home ethnography ethical issues standards for evaluating ethnographic work this book is a vital resource for organizational scholars and students doing or writing ethnography in the fields of business and management public administration education health care social work or any related field in which organizations play a role

this book provides a comprehensive analysis of the methodological theoretical and meta theoretical considerations and guidelines involved in undertaking institutional ethnographic work involving people with cognitive and communicative disabilities it presents a coherent platform for integrating theory and method built on classical and recent anthropological and sociological theory as well as classic and recent methodological considerations within the ethnographic tradition furthermore it introduces readers to the challenging work of understanding the lifeworld of people who cannot express themselves in ordinary ways or who are deeply stigmatised and oppressed by dominating discourses telling them how to understand and define their role in society it will be of interest to all scholars students and researchers of disability studies particularly those who undertake ethnographic research or want to understand the challenges involved in doing so
