master interviewing skills with intentional interviewing and counseling facilitating client development in a multicultural society 8th

edition this book gives you the tools to adapt your skills to address both individual and multicultural uniqueness conduct interviews using five different theoretical approaches and begin developing a personalized style and theory of interviewing and counseling that matches your own aptitudes and affinities case studies sample interviews and a portfolio of competencies are just a few of the many tools that will help you master the material and become a better listener

counselling skills are very powerful really listening and providing compassionate empathy without judging is a core part of social work practice with service users this book provides a theoretically informed understanding of the core skills required to provide counselling interventions that work it provides detailed discussion of three core skills which are identified as talking and responding listening and observing and thinking over 11 chapters these core skills are described in terms of what they mean how they can be learned and developed how they can be used and misused and most importantly how specific skills can be employed in a coherent and evidence informed counselling approach loughran also looks in detail at the skills required to deliver interventions consistent with three approaches motivational interviewing solution focused work and group work illustrative case examples and exercises offer further opportunities for reflection and exploration of self awareness as well as for practising and enhancing skills development thus making the book required reading for all social work students professionals looking to develop their counselling skills and those working in the helping professions more generally terms such as social worker therapist and counsellor will be included as they inform counselling skills in social work

an updated and expanded version of the training guide booklist called one of the most valuable professional publications to come off the presses in a long time the new third edition of communicating professionally is completely revised with new sections outlining the opportunities offered by contemporary communication media with more resource information on cross cultural communication including new applications of communication principles and the latest research based material on communication in general this comprehensive manual covers fundamental skills such as listening speaking and writing reading others nonverbal behavior how to integrate skills with tips for practicing sense making a theory of information as communication common interactions like speaking one on one working in groups and giving presentations training others in communication skills including a special section on technology based training

comprehensive handbook of social work and social welfare volume 3 the profession of social work features contributions from leading international researchers and practitioners and presents the most comprehensive in depth source of information on the field of social

work and social welfare

this programmed approach to basic interviewing skills breaks down the complex process of effective professional client communication into single skill components based on allen iveys proven micro skills model the text leads readers step by step to mastery of basic communication skills chapters 2 through 6 focus on rapport building and information seeking skills that are basic to all effective communication while chapters 7 through 13 examine specific skills that can help bring about change in both cooperative and resistant clients

this text is designed to be accessible to every student of the helping professions with an active voice a modular style that allows more flexibility and a multicultural focus that reflects the diverse nature not only of your classroom but of society today

designed to help students develop and refine the rcrafts of counseling goes beyond basic skills and includes detailed intervention strategies making it probably the most comprehensive book available on interviewing skills authorsu primary goals to help students acquire a repertory of counseling interview skills and strategies to enable them to select and use the appropriate counseling strategies when confronted with varying situations and to provide them with ways to monitor and evaluate their own behavior that of the client during counseling new addition of multicultural references problem solving added to ch 15 less emphasis of nlp neurolinguistic programming incorporation of the dsm iiir t87 replacing dsm iii t80

principles and procedures this time tested book describes the fundamentals of effective interviewing and counseling in speech language pathology and audiology the basic principles and procedures of interviewing and counseling and the specific techniques and suggestions in this book are applicable to children and adults to clients and caregivers and to all settings in which clinicians provide service this third edition has added more than 100 new references 90 of which were published between 2003 and 2004 practical case studies were also added along with examples to help readers with clinical application of the information professionals addressing communicative disorders have long recognized the significance of effective interviewing and counseling in clinical situations yet as many clinicians have lamented for years interviewing and counseling are neglected areas within most educational programs graduates go into workplaces with neither coursework nor effective practicum experiences in interviewing and counseling too often clinicians must learn to interview and counsel on their own on the fly while on the job this is a disservice to clients and is hard on the clinician also such a method of learning does not necessarily mean that the most effective methods of interviewing and

counseling are discovered along the way this book addresses those concerns by providing a comprehensive source for effective counseling and interviewing techniques anyone who works with persons with communicative disorders will benefit from this thorough book professionals and students alike will find this resource full of practical pertinent topics it treats a variety of situations clinicians face and describes methods and techniques applicable to students as well as professionals

this new edition of the formerly titled foundations of therapeutic interviewing blends a personal and easy to read style with a unique emphasis on both the scientific foundations and interpersonal aspects of mental health interviewing written from an integrative eclectic perspective this edition also incorporates modifications made necessary by the rise of managed care and by revised thinking in the interviewing field related to dsm iv new chapters have been added on interviewing youth interviewing couples and families multicultural interviewing and diagnosis and treatment planning acclaim for clinical interviewing everything the beginning therapist needs to know about interviewing is in this book the writing style is effective and will appeal to both upper division undergraduates and graduate students tulio m otero zeno phd columbia college at ecc the authors should be commended this is a well written book that would have a great deal of utility in a beginning level graduate interviewing class in a counseling or social work program steven g little phd program chair school psychology program university of alabama i was most impressed by the different ways in which the book is balanced the authors blend philosophical foundations with practical skills nondirective approaches to listening with more directive stances scholarly citations with clinical wisdom scott t meier phd associate professor and codirector of training program in counseling and school psychology suny buffalo this is an exquisitely crafted book the attention to detail is remarkable the authors cite the most recent clinical and research literature each chapter is chock full of information that novice therapists need to know and experienced therapists could benefit from remembering david scherer phd clinical psychologist and associate professor of counseling college of education university of new mexico
