Intercultural communication globalization and social justice introduces students to the study of communication among cultures within the broader context of globalization. Kathryn Sorrells and new co-author Sachi Sekimoto highlight history, power, and global institutions as central to understanding the relationships and contexts that shape intercultural communication. Based on a framework that promotes critical thinking, reflection, and action, this text takes a social justice approach that equips students with the skills and knowledge to create a more equitable world through communication. The new fourth edition includes additional case studies and expanded discussions of the backlash to globalization, the rise of ethnonationalism, decline of democracy, new media, and new technologies and implications for intercultural communication.

Against a background of rapid technological change, the impact of global communication on national cultures and societies has become a dynamic area of critical enquiry. International communication and globalization offers a timely overview of the rapidly expanding area of media and communication studies. Leading contributors offer a range of perspectives on the relationship between the process of globalization and international communication. Individual chapters examine the impact of market relations, deregulation, and technology of third world countries, as well as the ethics of the global communications industry. International communication and globalization makes an important intervention in

An exploration of the political economy of media and to what extent global communications and popular entertainment continue to serve elite interests. In communications media globalization and empire, an international team of experts analyzes and critiques the political economy of media communications worldwide. Their analysis takes particular account of the sometimes conflicting pressures of globalization and neo-imperialism. The first is commonly defined as the dismantling of barriers to trade and cultural exchange and responds significantly to lobbying of the world's largest corporations, including media corporations. The second concerns the pursuit of national security interests as a response to terrorism at one level and at others to intensifying competition among both nations and corporations for global natural resources.

this book provides a wide ranging theoretical and empirical overview of the disparate achievements and shortcomings of global communication this exceptionally ambitious and systematic project takes a critical perspective on the globalization of communication uniquely it sets media globalization alongside a plethora of other globalized forms of communication ranging from the individual to groups civil society groupings commercial enterprises and political formations the result is a sophisticated and impressive overview of globalized communication across various facets assessing the phenomena for the extent to which they live up to the much hyped claims of globalization s potential to create a globally interdependent society the setbacks of globalization such as right wing populism and religious fundamentalism can only be understood if the shortcomings of global communication are taken more seriously covering all types of cross border global communication in media political and economic systems civil societies social media and lifeworlds of the individual this unique book is invaluable for students and researchers in media communication globalization and related areas
