this book is designed to provide an overview of the development and substance of international human rights law and what is meant concretely by human rights guarantees such as civil and political rights and economic and social rights it highlights the rights of women globalization and human rights education the book also explores domestic regional and international endeavors to protect human rights the history and role of human rights ngos coupled with an analysis of diverse international mechanisms are succinctly woven into the text which well reflects the scholarship and erudition of the authors this lucidly written and timely volume will be of great

help to anyone seeking to understand this area of law be they students lawyers scholars government officials staff of international and non international organizations human rights activists or lay readers

nearly all countries have ratified nearly all the major human rights treaties and all governments profess support for human rights yet most countries flagrantly violate the human rights of their citizens this book argues that the reason why is that there is a contradiction between the goal of enforcing human rights which requires simple rules and the realities of governance which require flexibility and discretion

fully updated to cover topics such as climate change trade and business activities while retaining the original style and structure

javaid rehman emphasises the practical aspects of international human rights law and introduces the reader to the broad scope of the subject

this textbook provides a thorough and systematic overview of human rights law including the most relevant practice and case law but also dealing with theoretical issues it pursues an original approach seeking to reconcile its didactic purpose with a scientific one positing that there must be a necessary synergy between these two purposes furthermore the author is convinced that international human rights law should not be studied as is done in virtually every textbook as a special legal regime separate and autonomous from the overall system of international law but as a regime that is fully integrated into the international legal order the book s dominant theme is the interrelationship of international human rights law and general international law following this approach the author has chosen to devote comparatively little content to institutional issues part iv and to instead more intensively explore the structural impact of human rights law on the entire international order part i on the sources part ii and obligations part iii of general international law and what constitutes fundamental human rights part v without neglecting other rights part vi

written by leading experts in the field this textbook explores the essentials of international human rights law from foundational issues to substantive rights and systems of protection a variety of perspectives bring this subject to life making international human rights law the ideal companion for students of human rights

the object of this book is to provide teachers and students not only with a textbook dealing with the principal topics in the field of human rights but also with teaching suggestions syllabuses bibliographies and case studies

how do you keep students motivated when their perception of a subject conflicts with the reality of its academic study international human rights law unquestionably an exciting field is also complex and demanding in his breakthrough textbook de schutter focuses on international human rights law as global legal system rather than as a collection of different though related

rights giving it relevance and immediacy drawing on cases and materials from a wide range of sources it shows how human rights law is used as a tool to address contemporary issues such as counter terrorism global poverty and religious diversity materials are organised thematically allowing readers to make comparisons and connections between different legal treaties and systems students can also easily assess how human rights are protected under domestic and international laws the law is placed in context throughout ensuring full understanding of why laws exist and how they work

in this landmark text dinah l shelton offers an insightful overview of the current state of international human rights law its norms institutions and procedures both global and regional providing an invaluable entry point to this complex area of

the oxford handbook of international human rights law provides an authoritative and original overview of one of the key branches of international law forty contributors comprehensively analyse the role of human rights in international law from a global perspective examining its origins and principles and measuring its impact on the world

illustrating the scope of this fascinating and wide reaching subject to the student this clear and concise text gives a broad introduction to international human rights law coverage includes regional systems of protection the role of the un and a variety of substantive rights the author skilfully guides students through the complexities of the subject and then prepares them for further study and research key cases and areas of debate are highlighted throughout and a wealth of references to cases and further readings are provided at the end of each chapter

in this completely revised and updated second edition of human rights law the judicial interpretation and application of the united kingdom's human rights act 1998 is comprehensively examined and analysed part i concerns key procedural issues including the background to the act the relationship between uk courts and the european court of human rights the definition of victim and public authority determining incompatibility including deference and proportionality the impact of the act on primary legislation and damages and other remedies for the violation of convention rights in part ii of the book the convention rights as interpreted and applied by united kingdom courts are discussed in detail all important convention rights are included with a new chapter on freedom of thought conscience and religion other convention rights considered in the national context include the right to life freedom from torture the right to liberty fair trial the right to private life family life and home the right to peaceful enjoyment of possessions and the right to freedom from discrimination in the enjoyment of convention rights the second edition of human rights law will be invaluable for those teaching studying and practising in the areas of united kingdom human rights law constitutional law and administrative law

human rights as a legal concept and codification of human dignity were late to arrive in africa its evolution on this continent is to be seen against the background of the dynamic development of human rights within the united nations system and that of international law although the impetus of this evolution is owed to the struggles within african states in the pre colonial colonial and post

independence eras human rights are rights inherent to all human beings whatever our nationality place of residence sex national or ethnic origin color religion language or any other status we are all equally entitled to our human rights without discrimination these rights are all interrelated interdependent and indivisible universal human rights are often expressed and guaranteed by law in the forms of treaties customary international law general principles and other sources of international law international human rights law lays down obligations of governments to act in certain ways or to refrain from certain acts in order to promote and protect human rights and fundamental freedoms of individuals or groups human rights are inalienable they should not be taken away except in specific situations and according to due process for example the right to liberty may be restricted if a person is found guilty of a crime by a court of law interdependent and indivisible all human rights are indivisible whether they are civil and political rights such as the right to life equality before the law and freedom of expression economic social and cultural rights such as the rights to work social security and education or collective rights such as the rights to development and self determination are indivisible interrelated and interdependent the improvement of one right facilitates advancement of the others likewise the deprivation of one right adversely affects the others equal and non discriminatory non discrimination is a crosscutting principle in international human rights law the principle is present in all the major human rights treaties and provides the central theme of some of international human rights conventions such as the international convention on the elimination of all forms of racial discrimination and the convention on the elimination of all forms of discrimination against women human rights as parts of moral discourse have significant implication on content of political social and economic life of human beings

the routledge handbook of international human rights law provides the definitive global survey of the discipline of international human rights law each chapter is written by a leading expert and provides a contemporary overview of a significant area within the field as well as covering topics integral to the theory and practice of international human rights law the volume offers a broader perspective though examinations of the ways in which human rights law interacts with other legal regimes and other international institutions and by addressing the current and future challenges facing human rights providing up to date and authoritative articles covering key aspects of international human rights law this book work is an essential work of reference for scholars practitioners and students alike chapter 35 of this book is freely available as a downloadable open access pdf under a creative commons attribution non commercial no derivatives 3 0 license routledgehandbooks com doi 10 4324 9780203481417 ch35

this book has a simple objective to present the fundamentals of international human rights treaty law in a way that can be helpful to the national leader official or legal adviser whose duty it is to help put a human rights treaty regime into the law and practice in his or her country it is a book of international law as provided for in the principal international and regional human rights treaties and draws upon the jurisprudence and practice of their monitoring organs chapter i discusses the nature and characteristics of international human rights law chapter ii discusses the concept of a national protection system which must be in place if a human rights treaty is to be adequately

implemented chapter iii discusses the jurisprudence and practice of treaty bodies on the foundation issues of democracy and the rule of law chapter iv discusses human rights in times of crises and emergencies chapter v discusses preventive strategies chapter vi discusses the duty of governments to respect to protect and to ensure human rights chapter vii discusses the duty of governments to provide redress for violations that might take place chapter viii discusses the essence of supervision in reporting systems chapter ix discusses the essence of petitions and fact finding procedures chapter x concludes with a discussion of the bedrock principles of universality equality and justice as they emerge from the jurisprudence and practice of human rights treaty bodies

this publication addresses itself to ngos government authorities and other institutions and organisations involved in development assistance and international co operation concerning human rights good governance corruption control and related issues

this book offers a compact but general introduction to international human rights law it discusses the theoretical historical and legal foundations of international human rights law providing an encompassing analysis of the substantive content of the most important human rights and of the role of states and non state actors in ensuring their respect it also carries out a specific analysis of the un system and the echr and other regional systems all this while constantly situating the discussion on international human rights law within the broader framework of public international law while particularly suitable for undergraduate students in law this book is also aimed at students of political science and other social sciences as well as academics and practitioners pietro pustorino is full professor of international law at the department of law of luiss university rome italy and director of the luiss center for international and strategic studies
