while government provides the structure of public leadership governance is the art of public leadership this timely book examines current trends in metropolitan governance issues it analyzes specific cases from thirteen major metropolitan regions in the united states canada and mexico all woven together by an overall framework established in the first three chapters the distinguished contributors address such governance issues as city county consolidation local federal coordination annexation and special districting and private contracting with special attention to lessons learned from both successes and failures as urban governance innovations have clearly outpaced urban government structures in recent years the topics covered here are especially relevant

recognizing and responding to change is the oxygen of life for an organization and leadership is fundamentally about focusing organizations on these new realities leadership and change management provides the reader with a practical real world understanding of several dimensions of leadership that are usually neglected in management textbooks such as the nature of new realities and how managers can improve their insight into them and how leaders can identify and overcome resistance to change drawing on a wide range of insightful global real life case studies to capture the imagination the topics covered include critical systems thinking philosophies of leadership group dynamics authority ethics personal character and the psychology of leadership this comprehensive text will be of interest to anyone looking for a more thoughtful engagement with the key issues in leadership and change management

the use and abuse of military history is the theme of this book the author scrutinizes the army s first systematic attempt to use military history to educate its future leaders and traces the army s struggle from the end of the civil war to claim intellectual authority over the study of war

even in the flattest landscape there are passes where the road first climbs to a peak and then descends into a new valley most of these passes are simply topography with little or no difference in climate language or culture between the valleys on either side but some passes are different they are true divides history too knows such divides once these divides have been crossed the social and political landscape changes the social and political climate is different and so is the social and political language some time between 1965 and 1973 we passed over such a divide and entered the next century challenging insightful and provocative peter drucker s the new realities anticipates the central issues of a rapidly changing world when it was initially published in 1989 some reviewers mistakenly thought the new realities was a book about the future or in other words a series of predictions but as indicated in the title the book discusses realities drucker argues that events of the next thirty to forty years or even further on had already largely been defined by events of the previous half century thus drucker discusses episodes in world history that had not yet happened at the time of the book s initial publication such as the archaism of the hope for salvation by society in the end of fdr s america the democratization of the soviet union in when the russian empire is gone the technology boom of the 1990s in the information based organization and the evolution of management in management as social function and liberal art graced with a new preface by the author that discusses both reactions to the original publication of the book and how important it is for decision makers to consider the past and present when planning for the future the new realities is mandatory reading for understanding politics government the economy information technology and business in an ever changing world

this book represents ten years of data collection and analysis on the topic of women managers using an evolving feminist framework which urges that we consider the dimensions of race class and gender simultaneously the author examines the interplay of class issues worker participation with gender issues women managers pulling together literatures that are usually seen as separate the interplay of race is also discussed contents preface

acknowledgements chapter one moving back to the future part i a first look at difference chapter two the missing feminine chapter three are women different chapter four the problem of difference remnants and transformations chapter five the female as problematic part ii gender and intertwined oppressions chapter six a focus on work chapter seven the intertwining of capitalism and patriarchy is capitalism particularly cruel to women chapter eight the link with race part iii gender in broader context chapter nine leadership in native american context foregrounding cultural background chapter ten the new workplace chapter eleven how change happens chapter twelve implications for society appendix methodology chronology supplemental findings from studies bibliography index
