the arguments over the economic policies of the reagan administration will continue until sufficient time has elapsed for a consensus to be possible in the meantime it is necessary for contemporary scholars to record their opinions as a base for the consensus campagna has recorded his conclusions based on considerable research on reagan administration policies he begins by describing what was planned by the

government from there he discusses what actually happened and devotes the remainder of the work to his opinion of what has been left with which the future must deal. Campagna concludes that the Reagan economic policies failed; he establishes a position for others to attack or defend in their own publications in the continuing argument.

A team of anthropologists, economists, geographers, political scientists, social workers, and sociologists examine the leading explanations for why poverty persists in rural America. Their findings discredit established theories such as the culture of poverty and suggest new explanations for rural poverty and new directions for antipoverty programs and policies.
