the symbolism of medieval churches an introduction explores the ways in which the medieval church building and key features of it were used as symbols particularly to represent different relationships within the church and the virtues of the christian life this book introduces the reader to the definition form and use of medieval symbols and the significance that they held and still hold for some people exploring the context in which church symbolism developed and examining the major influences that shaped it among the topics discussed are allegory typology moral interpretation and analogy further chapters also consider the work of key figures including hugh and richard of st victor and abbot suger at st denis finally the book contrasts the eastern world with the western world taking a look at the late middle ages and what happened to church symbolism once aristotle had ousted plato from the schools entering into the medieval mind and placing church symbolism in its context the symbolism of medieval churches will be of great interest to upper level undergraduates postgraduates and scholars working on architectural history medieval art church history and medieval history more widely

how do christians understand the trinity how does this understanding relate to other christian teachings in conversation with key thinkers in contemporary and classical theology particularly henri de lubac karl rahner thomas aquinas and augustine this book argues that a theology of symbols can help us glimpse the mystery of the trinity and see how this central christian teaching corresponds to christian understandings of creation humanity and the church a symbol is not here understood as an arbitrary sign but as a sign that mediates the presence of the symbolized joshua mobley examines the understanding of the father as symbolized in the son who is the symbol of the father by the symbolism of the spirit the personal agent of unity

between father and son these trinitarian relations then structure creaturely relations to god god is symbolized in creation which is a symbol of god by participation in the son and the church is symbolism the union of creation with god by the power of the spirit mobility thus argues that a theology of symbol helps coordinate trinitarian theology with key themes in christian dogmatics
