the decision to go to college is a big one it signifies a transition into young adulthood and the increasing expectations for independence that can feel exciting liberating and daunting for students with disabilities this transition may be even more challenging despite the challenges more and more students with disabilities are attending postsecondary colleges and universities while this is certainly encouraging students with disabilities are less likely to successfully complete their postsecondary programs when compared with their general population peers so what do we do we can learn from our successes during early education and from successful postsecondary programs taking what we have learned and bring these lessons to scale so that fully inclusive postsecondary programs are available for all students with special education needs this book was originally published as a special issue of european journal of special needs education

hundreds of thousands of students with learning disabilities head to college every year the challenges seem endless aside from coping with difficulties in learning students and their families face the daunting process of seeking out the right school for their specific needs this indispensable resource includes advice from specialists in the field of learning disabilities learning disabled programs admission requirements and graduation policies services available to learning disabled students at each college tutors note takers oral exams extended test time and more policies and procedures regarding course waivers or substitutions names phone numbers and email addresses of program administrators at each school strategies for finding the right program for each student s needs in addition to the 338 schools profiled a quick contact reference list provides essential program information for another 1 000 schools

this book presents a collection of research based effective and culturally responsive practices that are used in schools and communities to support and empower families of students with disabilities to be equal partners for schools as the demographics of the u s population become increasingly diverse the u s census bureau projects that by 2044 more than half of the u s population will belong to a minority group currently students from diverse backgrounds comprise over 53 of the special education student population while their parents are the key decision makers and advocates who ensure that they receive

services and support that address their individual needs research consistently indicates that families from diverse backgrounds face many challenges that prevent them from taking on these active roles along with the improvements in the u s since the enactment of its first special education law in 1975 other parts of the world are also making changes to their special education systems in terms of responding to the diverse needs of children and students with disabilities and their families this book also shares research based and effective practices from other countries the studies presented employ both qualitative and quantitative methods to investigate family school community partnerships
