the unprecedented growth of data and its ubiquity in our daily lives signal that the digital revolution is transforming the world but much of the value of data remains untapped waiting to be realized data collected for one particular purpose has the potential to generate economic value in applications far beyond those originally anticipated however many barriers stand in the way of the beneficial reuse of data ranging from misaligned incentives and incompatible data systems to a fundamental lack of trust the world development report 2021 data for better lives will explore the tremendous potential of the changing data landscape to improve the lives of poor people but also to open backdoors that can harm individuals businesses and societies the first part of the report assesses how better use and reuse of data can enhance the design of public policies programs and service delivery as well as

improve market efficiency and job creation through private sector growth the second part of the report focuses on issues of governance law and policy that can help realize data's potential benefits while safeguarding against harmful outcomes by examining these issues the report aims to show how data can be leveraged to benefit the lives of poor people

the research and policy discussions included in aboriginal policy research volume vii offer a portion of the original papers presented at the third aboriginal policy research conference held in ottawa in 2009 co chaired by dan beavon of indian and northern affairs canada jerry white of the university of western ontario and peter dinsdale of the national association of friendship centres this aprc like those before it brought researchers policy makers and the aboriginal community together to make connections hear about leading research and learn together volume vii begins with a look at historic treaties and modern meaning and concludes with an examination of how history has influenced policy in canada today book jacket

quarterly journal of economic theory and policy

public finance is crucial to a country's economic growth yet successful reform of public finances has been rare ethiopia is an example of a country that undertook comprehensive reform of its core financial systems independent of the imf and the world bank and successfully transformed itself into one of the fastest growing economies in africa with ethiopia's twelve year reform as its guiding case study this book presents new analytical frameworks to help governments develop better financial reforms it shows in detail how four core financial systems budgeting accounting planning and financial information systems can be reformed one of the principal findings presented is that governments must establish basic public financial administration before moving to more sophisticated public financial management other key findings include the identification of four strategies of reform recognize improve change and sustain the centrality of ongoing learning to the process of reform and the importance of government ownership of reform this book will be of interest to researchers and policymakers concerned with public finance developmental economics and african studies

toward forever radical reflections on history and art is a diverse colourful and eclectic set of essays of historical and cultural analyses from the genesis of islam as a social movement to an account of goya's art in the context of feudal absolutism and the napoleonic wars to the da vinci code and much more besides mckenna is a classical marxist not shy of addressing popular culture past and present works often ignored by other marxist critics increasingly confined to academia and its high brow concerns

this book explores a common word between us and you a high level ongoing christian muslim dialogue process the common word process was commenced by leading islamic scholars and intellectuals as outreach in response to the pope s much criticized regensburg address of 2007 and brings to the fore in the interest of developing a meaningful peace how the islamic and christian communities representing well over half of the world s population might agree on love of god and love of neighbor as common beliefs

this book presents an evenhanded unbiased intuitive coverage of all the standard topics as well as the latest theoretical and policy issues in international economics this book presents principles and theories thoroughly but at an intuitive level in the chapters and more rigorously in the appendices this book maintains a tight connection with the real world including 108 real world case studies

this publication discusses the policy and institutional reforms made by the interim and transitional administrations of afghanistan since the bonn conference in november 2001 and considers major fiscal achievements made and remaining challenges involved issues considered include the consequences of conflict on fiscal management the financial management system revenue procurement audit and budget development aspects finance ministry functions accountability reform and restructuring managing development assistance and donor priorities and fiscal management for the provincial municipalities it includes case studies of post conflict budgeting in east timor eritrea and uganda it finds that the budget must be the primary vehicle for developing and then implementing policy and shows how this strategy has shaped the renewal of afghanistan s finance ministry

discussion at this roundtable focused on how to achieve effective independent regulation and how to reconcile independence with the legitimate control of policy by the executive part of government

the promise and peril of international trade is a lively accessible book that explores how the trade system affects elements of critical importance to canadian society such as the environment the economy and the arts accessible to the general reader the promise and peril of international trade explores how international trade should and can be harnessed for social good and that canada s commitment to international institutions and agreements pertaining to trade such as the wto and nafta should reflect this aim the book examines trade related social issues such as genetically modified foods immigration environmental health and national culture much of the book focuses on canada but not exclusively it also addresses the impact of international trade on developing countries with small economies moving beyond the problems and challenges of current trade policy the book contains constructive proposals

for policymakers and the public how should a country like Canada interact with the WTO how should trade deals like the NAFTA be structured to do the most good both for Canada and its trading partners how well are we managing trade today this book is designed to help answer these questions

approximately one third of all food produced for human consumption is lost or wasted the economic costs of this food wastage are substantial and amount to about USD 1 trillion each year however the hidden costs of food wastage extend much further food that is produced but never consumed still causes environmental impacts to the atmosphere water land and biodiversity these environmental costs must be paid by society and future generations furthermore by contributing to environmental degradation and increasing the scarcity of natural resources food wastage is associated with wider social costs that affect people's well being and livelihoods quantifying the full costs of food wastage improves our understanding of the global food system and enables action to address supply chain weaknesses and disruptions that are likely to threaten the viability of future food systems food security and sustainable development this document introduces a methodology that enables the full cost accounting (FCA) of the food wastage footprint based on the best knowledge and techniques available FCA measures and values in monetary terms the externality costs associated with the environmental impacts of food wastage the FCA framework incorporates several elements market based valuation of the direct financial costs non market valuation of lost ecosystems goods and services and well being valuation to assess the social costs associated with natural resource degradation
