this text introduces the study of international economic and political structures with a social and collective learning approach focusing on major international economic organizations it examines how managers in public and private sectors cope with international change in the 20th century

broadly viewing the global economy as a political competition that produces winners and losers international political economy holistically and accessibly introduces the field of ipe to students with limited background in political theory history and economics this text surveys major interests and institutions and examines how state and non state actors pursue wealth and power emphasizing fundamental economic concepts as well as the interplay between domestic and international politics international political economy not only explains how the global economy works it also encourages students to think critically about how economic policy is made in the context of globalization

no approach to world affairs in the 21st century can afford to ignore the impact that processes of globalisation are having on governments economies cultures and individuals an understanding of the theories that underpin international political economy and their practical applications is therefore crucial to the study of international relations politics development and economics in this comprehensive and accessible introduction to the field the authors consider traditional and alternative approaches to ipe elucidating key concepts assumptions and the intellectual and historical context in which they arose and developed making clear at all times their relevance to issues from trade finance and government to environment technology development and culture the style of this book encourages independent reflection and critical thinking each chapter relates theoretical analysis to contemporary issues by way of giving the student a better understanding of the theory and also demonstrating the value of theory in the real world

this book examines the evolution of international political economy ipe as a field of study in china detailing the evolving boundaries and the content of the field it surveys how the key themes in ipe such as the conceptualization of power at the global level the question of international order and international organization the state and globalization money and finance and the source of ideas and ideational innovation have been debated in chinese ipe in comparison to the foundational works of the west the contributions map the genesis of the field inside china and the core characteristics of chinese ipe consider the limits of the development of the field in china and identify the contributions which chinese ipe can make to the global development of ipe each piece in this collection is co authored by a prominent prc scholar residing in china and a distinguished foreign scholar the co authors together highlight what they think are the core chinese concerns of ipe in a particular area and suggest what this understanding adds to the global discussion this book was originally published as a special issue of the review of international political economy

broadly viewing the global economy as a political competition that produces winners and losers international political economy holistically and accessibly introduces the field of ipe to students with limited background in political theory history and economics this text surveys major interests and institutions and examines how state and non state actors pursue wealth and power emphasizing fundamental economic concepts as well as the interplay between domestic and international politics international political economy not only explains how the global economy works it also encourages students to think critically about how economic policy is

made in the context of globalization new to the seventh edition includes the disruptive impact of the pandemic on the global economy includes discussion of climate change the green new deal and green industrial policy extended discussion of the impact of great power competition on the global economy and the role weaponized interdependence might play in this competition considers the impact that russia's invasion of ukraine will have on globalization introduces full color format

this book provides a comprehensive introduction to international political economy and to the different trade and financial issues in the contemporary international system the modern international political economy is characterized by globalization of production and finance this book explains the growth and consequences of globalization from a historical and evolutionary perspective it explores not only the long standing issues of trade protectionism and financial stability but also the newer issues of international labor standards liberalization of investment regulations and environmental protection it will help readers to understand how politics and economics interact to produce the rules and structures of international political economy and also to better appreciate the contemporary issues crises and challenges in international political economy book jacket

this collection of classic and contemporary readings charts the historical and theoretical evolution of the field this is a valuable resource for students and teachers of international relations and international economics

for one semester quarter courses in international political economy in political science international relations and economics departments as well as international studies programs a true introduction to the international political economy ipe the text does not assume that students have a background in politics economy or sociology this book clearly shows students how politics and economics come together in today's global environment the text demonstrates how an understanding of ipe can help students make sense of global news business investments and government policies by presenting the theories institutions and relationships found in ipe in simple ways that retain the complexity of the world issues and intellectual problems addressed need a reader or want to also cover international conflict or global issues in your course package any of the titles below with this text and receive a discount e mail polisci pearson com for more information and a special package isbn richard betts conflict after the cold war 3 e joseph nye's understanding international conflict 7 e thomas oatley's global economy joshua goldstein and jon pevehouse's principles of international relations ann kelleher and laura klein's global perspectives 3 e richard payne's global issues 2 e donald snow's what after iraq david ziegler's war peace and international politics 8 e

updated in a new 5th edition this book offers a complete and accessible overview of how politics and economics collide in a global context it surveys the theories institutions and relationships that characterize ipe and highlights them in a diverse range of regional and transnational issues the bestseller in the field introduction to international political economy positions readers to critically evaluate the global economy and to appreciate the personal impact of political

economic and social forces

this book first published in 1991 is a revised and updated version of professor marie lavigne s best seller *economie internationale des pays socialistes*

this important new work is the first comprehensive reference to the rapidly developing field of international political economy ipe featuring over 1200 a z entries the coverage encompasses the full range of issues concepts and institutions associated with ipe in its various forms comprehensively cross referenced and indexed each entry provides suggestions for further reading along with guides to more specialized sources selected entries include african development bank benign neglect black monday casino capitalism debt management efficiency floating exchange rates general agreement on tariffs and trade gatt information society economy organization of petroleum exporting countries opec microsoft multinational corporations definitions nato patents rent seeking schellin thomas tax havens trusts value added tax vat zero sum games and many more

the end of the cold war has unleashed unique economic and political forces computers are an increasing impetus to the world economy along with technological developments this work studies these developments and others to survey the approaches to understanding international economic relations

this timely book will explain via a number of thematic and case studies that international economics is not an independent terrain of economic activity reproducing itself throughout history but a complex articulation of social political and culturally determined actions that are inextricably linked chapters will address the role of dominant global powers in the making of global industrial and monetary relations and in particular ways in which and the degrees to which dominant economic and military powers such as the usa tend to shape the domestic economic environments of lesser powers after their own image supplementing the chapters will be a comprehensive a z glossary section which will include key international political economy terms e g international debt european free trade area international bank for reconstruction and development imf gatt wto foreign exchange fixed exchange rates floating exchange rates reserve currency gold dollar parity multinational corporation preferential trade agreement hedge funds etc entries will be cross referenced for ease of use this book will be ideal for researchers and students in the areas of politics international relations and international economics as well as for academics economists business people and those with an interest in the workings of international political economy

international political economy focuses on the dynamics of conflict and cooperation among nations as each pursues power and wealth through international economic exchange the authors provide a historical and topical overview of the development of the world economy from 1815 to the present helping students understand how and why major economic powers rise and fall this balanced blend of history theory and policy makes the book suitable as a main text for international political economy courses or as a supplemental text for an introductory

international relations course

globalisation and interdependence in the international political economy addresses central developments within the contemporary international system the notions of interdependence and globalisation that have accompanied the political discourse of a new world disorder are replete with definitional ambiguities theoretical difficulties and empirical complexities barry jones offers a critical review and analysis of these concepts their significance and place within the wider debates of international political economy he argues that contemporary conditions are complex with regionalising tendencies cross cutting those of increasing globalisation and national impulses surviving even in the face of powerful internationalising forces future developments it is concluded may also be far more uncertain and turbulent than is widely anticipated written by a leading authority this volume is an effective and compelling introduction to the complex study of international political economy

resource security is a new battleground in the international politics of the asia pacific with demand for minerals and energy surging disputes are emerging over access and control of scarce natural resource endowments drawing on critical insights from political economy this book explains why resources have emerged as a source of inter state conflict in the region

although many international political economy texts offer good descriptions of what events have occurred in global economic and political relations they make little attempt to develop explicit theoretical frameworks explaining why andrew sobel s international political economy in context individual choices global effects takes a micro approach to international political economy that considers the fact that individuals not nations make choices grounding policy choices in the competitive environs of domestic politics and decision making processes sobel illustrates how policymakers choose among alternatives settling on those that are most in sync with their self interest the book is structured to build students skills for a sophisticated understanding of how and why events unfold in the international political economy students become versed in the primary assumptions and structural macro conditions of economic and political geography in the global arena an examination of micro level conditions and mechanisms introduces the factors that influence political and economic outcomes students are then able to use those primary assumptions and micro level arrangements to make sense of past and present changes in the global political economy those familiar with sobel s first volume political economy and global affairs will easily find their way through this new book anyone looking for a compelling accessible and fully integrated rational choice perspective on international political economy will find it here

mysearchlab provides students with a complete understanding of the research process so they can complete research projects confidently and efficiently students and instructors with an internet connection can visit mysearchlab com and receive immediate access to thousands of full articles from the ebsco contentselect database in addition mysearchlab offers extensive content on the research process itself including tips on how to navigate and maximize time in the campus library a step by step guide on writing a research paper and instructions on how to

finish an academic assignment with endnotes and bibliography emphasizing both domestic and international politics as well as fundamental economic principles international political economy is the most accessible and holistic overview of the global economy this text offers students a uniquely engaging introduction to ipe by viewing global economic exchange as a political competition while surveying key ipe theories economic principles institutions and processes the text explains how this competition raises social welfare but also creates winners and losers who influence the policies of governments and international institutions and ultimately the global economy

in his updated second edition david reisman examines the ideological and material underpinnings of the global mixed economy drawing upon current research in economics and international relations global political economy is an impartial and comprehensive analysis of the world order in an age of reappraisal and doubt

critical perspectives on international political economy considers and revises the progress of critical thinking within ipe and engages with issues such as finance the practices of health and work the relevance of new social movements and the political economy of the internet in so doing it provides a possible map for the next stage of critical development in the study of international political economy
