introduction to law enforcement an insider s view 5th edition is a very unique textbook it draws upon the author s dual set of experiences as a member of the academic world and also as a sworn police officer the author dr william g doerner has been a faculty member in the college of criminology and criminal justice at the florida state university one of the premiere programs in the country since 1977 he retired from active duty with the tallahassee police department after 29 years of service as a part time sworn law enforcement officer balancing these two perspectives enables readers to peek into the law enforcement world through the eyes of a cop and the mind of a professor the book is divided into four major units the first part the context of law enforcement helps the reader assemble a picture of how this formal institution came into being recognize some of the more prominent issues that surfaced with this new arrangement assess various reform efforts and understand how agencies are structured the second portion behind the badge explores what it takes to become a

police officer topics here range from how agencies select candidates from the applicant pool what recruits experience during the police academy and rookie training phases as well as lessons in criminal law search and seizure and interrogation standards the next segment focuses on how officers work the streets the emphasis here is on the decision making processes that surround the arrest option and reliance upon the use of force the final part trails officers after they complete their tours of duty and are off the streets it raises questions about whether law enforcement is as stressful as some portray it the adjustments officers must make in their personal and occupational lives the perennial question of who polices the police and whether policing is a profession or simply another job the author has compiled a distinguished career in both law enforcement and academia in addition to being decorated for meritorious service and honored by his agency as officer of the year dr doerner also served two terms as the editor of the american journal of criminal justice the southern criminal justice association bestowed its criminal justice educator of the year award on him in recognition of his accomplishments in teaching research and service in addition the american society of victimology selected professor doerner as the recipient of its 2009 john p j dussich award which recognizes excellence in research and the provision of services to crime victims over a substantial length of time an article examining accreditation patterns among florida municipal police agencies published with his son who holds a doctorate in economics recently won accolades for its incisive insights from the editors at policing an international journal of police strategies management

introduction to law enforcement and criminal justice third edition critically examines and evaluates law enforcement and the administration of justice in a post 9 11 multicultural society of the twenty first century the book represents a departure from other introductory texts it is not limited to the presentation of information rather its unique approach promotes a vision for law enforcement and other justice system personnel that integrates essential critical thinking problem solving and communications skill development with the need to deploy ethical practitioners and peacekeepers who demonstrate leadership capabilities

in the years between 1750 and 1868 english criminal justice underwent significant changes the two most crucial developments were the gradual establishment of an organised regular police and the emergence of new secondary punishments following the restriction in the scope of the death penalty in place of an ill paid parish constabulary functioning largely through a system of rewards and common informers professional police institutions were given the task of executing a speedy and systematic enforcement of the criminal law in lieu of the severe and capriciously administered capital laws a penalty structure based on a proportionality between the gravity of crimes and the severity of punishments was erected as arguably a more

effective deterrent of crime this book first published in 1981 examines the impact of these two important developments and casts new light on the way in which law enforcement evolved during the nineteenth century this title will be of interest to students of history and criminology

policing is associated more with doing than with thinking so how can policing be intelligent this text attempts to answer questions on police intelligence and discusses whether or not policing can reinvent itself in the information age by using emerging technological tools is policing changing or is it just using them to control the dangerous classes
