my aims in preparing this edition remain the same as the were at the beginning to bring contemporary sociology to students who have had little or no exposure to the field to make this presentation as comprehensive balanced and clear as possible without compromising the complexity of the discipline of sociology and to stress concrete illustrations of sociological principles rather than describing them in

abstract terms

sociology discovering society 2nd provides comprehensive coverage of sociology in an affordable paperback format with research studies in every chapter and boxes that portray sociologists at work it will especially appeal to sociology professors who value a quantitative research methodology oriented approach instead of presenting every possible theory for each issue stockard s streamlined approach pulls in theories only when they appropriately relate to the issue at hand this integrated approach produces a text that reads more smoothly than the overly encyclopedic heavily interrupted narratives of other texts
