anyone who has studied abstract algebra and linear algebra as an undergraduate can understand this book the first six chapters provide material for a first course while the rest of the book covers more advanced topics this revised edition retains the clarity of presentation that was the hallmark of the previous editions from the reviews rotman has given us a very readable and valuable text and has shown us many beautiful vistas along

his chosen route mathematical reviews

in matters such as affirmative action or home schooling rights of ethnic and other minority groups often come into conflict with those of society in a culturally diverse population such as ours but before considering the dilemmas posed by these issues we must first ask such basic but important questions as what group rights are and how they intersect with the principles of democracy this new collection brings together some of today s leading thinkers from the cutting edge of these debates taking in a broad range of issues confronting philosophers sociologists and political scientists contributors such as carl wellman carol gould and rex martin examine the nature of groups and the conflict between group rights and democracy and also consider case studies depicting current issues in cultural ethnic and religious rights the first section on the nature of groups examines some of the perplexing alternatives in the formulation of a theory of group rights these articles investigate the kinds of rights minorities might claim and ask when groups can be held responsible for the acts of some of their members the second section addresses the treatment of groups in a democracy and the precarious balance between indifference toward minorities and capitulation to their demands here the contributors examine five principles for the sensitive treatment of minority and disadvantaged groups in a democratic society a final section explores specific conflicts between subgroup and societal claims through case studies dealing with affirmative action religious practice and the education of children and the land rights of indigenous peoples by drawing on the legal and political dilemmas related to these cases the authors confront issues of core versus peripheral interests of individual member versus subgroup rights and of the possibilities for social openness raised in the preceding sections written from varied perspectives groups and group rights offers stimulating reading for both students and professionals as it takes on some of the most pressing dilemmas confronting our society

doctoral thesis dissertation from the year 2022 in the subject english language and literature studies linguistics university of baghdad language english abstract the study of identity within a given discourse is one of the significant topics in the field of critical discourse analysis iraqi christian identity has undergone various political and social changes during different historical periods leading to the emergence of the christian identity as a minority in society the present study investigates the representation of the identity of iraqi christian minority in the narrative discourse of selected english and arabic novels more precisely the present study is a critical discourse analysis of the christian identity as a minority in selected english and arabic novels namely the english novel abducted in iraq by saa d hanna 2017 and the arabic novel الحفيدة الامريكية the american granddaughter by inaa m kachachi 2009 the study aims at first identifying the identity representation of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war second investigating the textual resources and their role in the identity construction of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war third identifying the

discursive resources and their role in the identity construction of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war fourth examining the social resources and their role in the identity construction of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war that is it examines the role played by power and social dynamisms in the identity construction under analysis and fifth investigating similarities and differences in the identity construction of iraqi christian minority in the narrative discourse of selected english and arabic novels before and after 2003 war at the textual discursive and social levels of analysis for achieving the afore mentioned aims a purposive sampling technique is used to choose the most representative data from the selected english and arabic novels the data is analysed according to a synthesised theoretical framework based on wodak et al 2009 fairclough 2015 wortham 2001 and graumann 1999 the data are analysed both qualitatively and quantitatively
