deakin and morris labour law a work cited as authoritative in the higher appellate courts of several jurisdictions provides a comprehensive analysis of current british labour law which explains the role of different legal and extra legal sources in its evolution including collective bargaining international labour standards and human rights the new edition while following the broad pattern of previous ones highlights important new developments in the content of the law and in its wider social economic and policy context thus the consequences of brexit are considered along with the emerging effects of the covid 19 crisis the increasing digitisation of work and the implications for policy of debates over the role of the law in constituting and regulating the labour market the book examines in detail the law governing individual employment relations with chapters covering the definition of the employment relationship the sources and regulation of terms and conditions of employment discipline and termination of employment and equality of treatment this is followed by an analysis of the elements of collective labour law including the forms of collective organisation freedom of association employee representation internal trade union government and the law relating to industrial action the seventh edition of deakin and morris labour law is an essential text for students of law and of disciplines related to management and industrial

relations for barristers and solicitors working in the field of labour law and for all those with a serious interest in the subject this title is included in bloomsbury professional s employment law online service

this book is novel in its questioning of the adequacy of interpreting paul from the perspective of the reformation and in its application of sociological methods to the new testament

the notion of property in work has deep historical roots in the common law tradition but is yet to receive the attention it deserves in this timely and thought provoking book wanjiru njoya contrasts ideas of ownership and property rights in english american and european labour law and considers their practical implications the author s contention that shared ownership within a stakeholder theory of the firm allows better protection of both shareholders and employees interests in the large public corporation puts employee participation firmly back on the corporate governance agenda the book offers a refreshing new perspective on how a more socially desirable balance between economic flexibility and job security may be achieved

in romans 6 1 14 paul corrects an erroneous ethical conclusion drawn from the narrative of god s grace in romans 3 5 this innovative study employs tools from cognitive linguistics to unveil paul s sophisticated rhetorical strategy for resolving the indicative imperative tension by moving beyond traditional theological frameworks the book shows how paul presents believers new identity as defined by a new obligation illuminating the metaphorical narrative that undergirds paul s logic readers will better understand the importance of conceptual spaces like in sin and in christ and how paul conceptualizes the relationship between believers and their old selves who have been crucified

presents in depth comparative analyses of german uk and us company laws illustrated by leading cases with german cases in english translation

includes entries for maps and atlases

compilation of the essential features of the statutory law regulating the formation management and dissolution of general business corporations in america north central and south and other countries of the world
