mehr back cover copyhuman services concepts and intervention strategiestenth edition joseph j mehr illinois department of human servicesronald kanwischer southern illinois university school of medicine basic approach this trendsetting text offers a comprehensive introduction to the field of human services with an emphasis on practical application and increased coverage of multicultural issues the text provides a comprehensive grounding in the broad range of careers available in the human services an introduction to the skills that are required for those careers and case examples to help students visualize different career choices what the reviewers are saying it is easy to read has good discussion questions and thoroughly covers the main elements of the profession there does not seem to be any on the market that is significantly better elizabeth a coccia austin community college human services concepts and intervention strategies is an excellent broad based textbook that provides a comprehensive view of not only human services but social work also the textbook examines issues within the field of social work criminal justice and psychology annie m chavis fayetteville state university the writing style is very clear with good understandable engaging examples a key indicator is student comments and there have been no complaints mikel hogan coastline community college mhl ad here

this second edition of innovation and change in the human services considerably updates and expands the previous volume an overview of the development of human services over the course of the twentieth century culminates in an evolutionary model which illustrates how human services generally progress from an initial individual problem stage to one of considerable governmental involvement and media attention eight specific human services are discussed in detail hospices for those with life limiting illness continuing care retirement communities services for those with hiv aids domestic assault services day care for children services for the homeless lifelong occupational counseling and services for alzheimer s patients a full chapter is devoted to some of the major events of the last decade of the twentieth century the clinton health care plan the welfare reforms of 1996 and the oregon death with dignity act the chapter on human services education compares degree programs in human services and social work and suggests a functional approach which would allow the human services worker to move easily from one setting to another due to having mastered a common core curriculum with universal applicability the last

chapter deals with human services issues of considerable importance at the start of the twenty first century including the corporatization of human services the privatization of human services social security reform and healthcare reform this material is expected to be of use not only to educators and students in the human services but also to policy analysts and health services administrators practitioners who face everyday the challenge of refining adapting the programs they administer study and support

this book is the first of a three part series that focuses on how arts based methods can be used to expand horizons for imaginative and ethical research and practice in education and human services each of the books are an assemblage of arts based methods for creative adventures in education and human services the chapters of the books describe inhabit and demonstrate the methods and document the multiplicities of insights affects and effects that emerged and which include exploring the dynamically entangled relations between people and contexts this book part 1 attunes readers in to the adventurousness of the three part series it also includes chapters on theoretically informed creative critical collective auto ethnographic experiments in thinking lip syncing dialoguing on images and making artworks the chapters report on lessons from deploying these adventurous methods for creatively knowing and doing education and human services work the methods also function as pedagogical spaces to inhabit navigate play with play within experiment with in and be productive and produced in shedding light on how to generate spaces and find places for actively engaging with the ever growing inexhaustible energizing exhausting pleasurable confronting seductive repulsive and overwhelming possibilities of thought and action in education and human services readers are invited to engage with the chapters as research products to learn from and as works of art to escape into and find consolation experience as a tonic be invigorated get inspired feel joy enter a pleasurable flow see what sparks and venture play wonder create and generate their own creative adventures in education and human services the three books part 1 part 2 and part 3 in this series are not organised around specific focused themes rather each chapter in each book introduces and explores a method that is inhabited by the authors in a creative and speculative fashion to see what is generated the introduction s and the thinking thinking chapter in part 1 are a good place to begin with each of the three books and in turn the conclusion chapter in part 3 is a good place to close in reading each of the three books the other chapters however are not in sequential order and accompany each other and can therefore be read in any order the authors invite readers to play and be adventurous with how they read inhabit and engage with the books

this text places emphasis on social systems rather than on individual psychology to make the book more accessible to the beginning student it is organized into three sections the first presents the context of human service work answering the major questions students are probably asking describes how human service work has changed through the years discusses different strategies and explores the attitudes values skills and knowledge that bind together all workers regardless of their problem area or credentials this section also discusses the conflicts and dilemmas that are likely to occur as human service workers try to incorporate the values of this field into daily practice finally authors pose and then try to answer questions about the social welfare system also discussed are the major social welfare programs and how to keep updated so clients can be guided through the ever changing maze of rules and regulations

the second section examines the ways in which human service workers implement each of the direct and indirect program strategies this section begins with a chapter on working with diversity and subsequent chapters describe the skills involved in interviewing working on individual cases working with groups planning programs and organizing to change or improve programs the third section presents information that human service workers need to know about the legal issues that are likely to be involved in their work the final chapter also addresses avoiding human service worker burnout each chapter ends with a summary questions for discussion and websites for further information on chapter topics

the authors have assembled some of the finest minds in the field of supervision studies to produce supervision as collaboration in the human services key aspects of a learning organization and the process of organizational learning are explored across the various human services social mental health health and aging making this an essential core text for graduate and undergraduate students of social work and counselling as well as for human services supervisors and practitioners

for those considering a career in human services one question inevitably comes to mind what is helpful in answering that question one must ascertain how to develop the skills necessary to be helpful this book addresses the components of helping self awareness interviewing techniques understanding people and working with social systems these are integrated with a basic understanding of the history of human services social problems and current trends in the field initially a comprehensive overview of human services is presented with a theoretical framework as well as a substantial amount of how to information the book does not reflect individual disciplines such as social work or mental health instead it assumes that there are core skills to be utilized in helping that include all branches of human services unlike traditional texts human services today does not blandly present facts the author encourages readers and stimulates their creative thinking for further study each chapter can be used individually for study and discussion purposes throughout the book flowcharts photographs and sketches are used to illustrate and amplify key concepts relevant bibliographies are included at the end of each chapter the book begins with the assumption that many of the systems designed to help people are decidedly unhelpful and points out ways in which systems can respond to human needs in a positive way one of these ways is to avoid the tendency to compartmentalize people losing sight of the whole person human services is often called the umbrella for our society's sub systems that are involved in promoting and reinforcing healthy living and community cohesiveness a bridge between people and systems the author describes the philosophy of human services in detail while stressing the importance of an interdisciplinary approach human services workers she emphasizes are dealing with people rather than shuffling paper the author describes the historical development that led to present forms of human services there is a discussion of social policy and planning processes developed to bring human services into existence the tools of the trade or the components of effective relationships between human services workers and the individual are examined understanding people is one of the most essential qualities of a human services worker people and their needs are described as multidimensional a complex panorama of attitudes inclinations and actions biological cultural and psychological considerations form an integral part of this understanding understanding the social systems is also imperative in order to

be of greater benefit to people the social systems in terms of group processes and system skills are discussed in detail the final chapter defines the parameters of this dynamic field and studies the trends to assist the reader in establishing perspectives about the author karin eriksen holds an m s w from columbia university and is presently assistant professor at staten island community college and associate director of the metropolitan placement unit of the new york department of mental hygiene she has conducted city wide research on new york s child welfare system to develop federal standards for the prevention and treatment of child abuse

what are all of our human services domains and what do they do what does human services success mean to the stakeholders do you monitor the effectiveness of your human services activities can management personnel recognize the monetary benefit of human services how do you use human services data and information to support organizational decision making and innovation defining designing creating and implementing a process to solve a business challenge or meet a business objective is the most valuable role in every company organization and department unless you are talking a one time single use project within a business there should be a process whether that process is managed and implemented by humans ai or a combination of the two it needs to be designed by someone with a complex enough perspective to ask the right questions someone capable of asking the right questions and step back and say what are we really trying to accomplish here and is there a different way to look at it this self assessment empowers people to do just that whether their title is entrepreneur manager consultant vice president cxo etc they are the people who rule the future they are the person who asks the right questions to make human services investments work better this human services all inclusive self assessment enables you to be that person all the tools you need to an in depth human services self assessment featuring 711 new and updated case based questions organized into seven core areas of process design this self assessment will help you identify areas in which human services improvements can be made in using the questions you will be better able to diagnose human services projects initiatives organizations businesses and processes using accepted diagnostic standards and practices implement evidence based best practice strategies aligned with overall goals integrate recent advances in human services and process design strategies into practice according to best practice guidelines using a self assessment tool known as the human services scorecard you will develop a clear picture of which human services areas need attention your purchase includes access details to the human services self assessment dashboard download which gives you your dynamically prioritized projects ready tool and shows your organization exactly what to do next your exclusive instant access details can be found in your book

now in its fourth edition effectively managing and leading human service organizations continues to provide invaluable creative ideas for achieving managerial success authors ralph brody and murali nair dissect and diagnose common workplace dilemmas offering current and future managers the skills to implement positive changes in organizations large and small easy to read this book connects a conceptual framework and essential managerial practices with hundreds of real life examples and case studies of applied managerial skills in organizational settings
