eldenburg's fourth edition of management accounting combines the basic technical issues associated with cost management, management accounting and control with more recent and emerging themes and issues. Management accounting is a compulsory element of the accounting major and this text is written to cover the content typically taught in the two management accounting units offered in most accounting programs. The management accounting interactive e-text features a range of instructional media content designed to provide students with an engaging learning experience. This includes case videos, interactive problems and questions with immediate feedback. Eldenburg's unique resource can also form the basis of a blended learning solution for lecturers.

Financial and Managerial Accounting 4th edition provides students with a clear introduction to the fundamental financial and managerial concepts needed for anyone pursuing a career in accounting or business through a focus on accounting transactions, real world industry examples and robust assessment. Students develop a solid understanding of how to apply accounting principles and techniques in practice by connecting the classroom to the business world with an emphasis on decision making and key data analysis skills appropriate at the introductory level. Financial and Managerial Accounting ensures students are more engaged and better prepared for careers as professionals in the modern business world.

For B.Com, P.Hons, M.Com, M.B.A. of all Indian universities and professional courses like ICWA, ICAI, the main aim of this book is to facilitate easy understanding of the matter at one reading without any tediousness in grasping the theories and illustrations. Almost all the illustrations have been added at proper places.

Financial Accounting 4e Financial Accounting is the ideal introduction to this topical and dynamic subject. The authors successfully combine a conceptual approach with an accessible, interactive style by adopting a questioning attitude to the subject. The authors ask why accounting practices exist and not simply how they work without lingering on the technicalities. The 4th edition has been fully updated in line with the transition to International Accounting Standards (IAS) and International Financial Reporting Standards (IFRS). Financial Accounting is ideally suited for any students taking an introductory financial accounting course. Managerial Accounting for Business Decisions 2e Focusing squarely on the needs of business and management students, Managerial Accounting for Business Decisions sets management accounting into a real world context, helping

students to apply the theories they learn to management situations this book will assist the reader in understanding the principles of management accounting and to master the numerical aspects of the subject
