the ways in which we use social media are constantly changing and evolving while initially a place for users to share photos with their family and friends and post aesthetically pleasing updates for people to be able to see what is happening in their lives social media has increasingly become more integrated within consumer culture social media platforms have become increasingly

more geared towards driving engagement and generating ad revenue some audiences who are primarily still using social media to connect and be social have been more resistant to this switch but others love this integration there are a plethora of ways to bridge this gap and encourage all types of audiences to engage willingly and happily with business accounts as everyone surely knows instagram is one of the most popular photo sharing platforms on social media today according to instagrams own data over 200 million users visit at least one business profile each day 60 of users say that they have discovered a new product on instagram and one third of the stories that receive the most views are posted by businesses as with the social media market as a whole there has been a shift from instagram being a social platform to it being a media platform that places emphasis on unique content creation as well as business and marketing
