a comprehensive and highly readable review of the conceptual underpinnings of economic geography students and professional scholars alike will find it extremely useful both as a reference manual and as an authoritative guide to the numerous theoretical debates that characterize the field allen j scott university of california guides readers skilfully through the rapidly changing field of economic geography the key concepts used to structure this narrative range from key actors and processes within global economic change to a discussion of newer areas of research including work on financialisation and consumption the result is a highly readable synthesis of contemporary debates within economic geography that is also sensitive to the history of the sub discipline sarah hall university of nottingham the nice thing about this text is that it is concise but with depth in its coverage a must have for any library and a useful desk reference for any serious student of economic geography or political economy adam dixon bristol university organized around 20 short essays key concepts in economic geography provides a cutting edge introduction to the central concepts that define contemporary research in economic geography involving detailed and expansive discussions the book includes an introductory chapter providing a succinct overview of the recent developments in the field over 20 key concept entries with

comprehensive explanations definitions and evolutions of the subject extensive pedagogic features that enhance understanding including figures diagrams and further reading an ideal companion text for upper level undergraduate and postgraduate students in economic geography the book presents the key concepts in the discipline demonstrating their historical roots and contemporary applications to fully understand the processes of economic change regional growth and decline globalization and the changing locations of firms and industries written by an internationally recognized set of authors the book is an essential addition to any geography student's library

a detailed yet concise handbook clarifying all the major terms needed for a thorough understanding of key research methodology concepts in business and management an invaluable guide for students at all levels seeking assistance with projects research proposals dissertations and theses including case studies and suggestions for further reading

key concepts in eastern philosophy provides an extensive glossary of the main terms and concepts used in eastern philosophy the book includes definitions of philosophical ideas linked to the national traditions of persia india islamic world china japan tibet including concepts from zoroastrianism hinduism sufism islam confucianism shintoism taoism buddhism each entry includes a guide for further reading and critical analysis and is cross referenced with associated concepts and is in easy to use a z format

situating the study of race and ethnicity within its historical and intellectual context this much needed guide exposes students to the broad diversity of scholarship within the field it provides a clear and succinct explanation of more than 70 key terms their conceptual evolution over time and the differing ways in which the concepts are deployed or remain pertinent in current debates concepts covered include apartheid colonialism constructivism critical race theory eugenics hybridity islamophobia new modern racism

reparations transnationalism fully cross referenced and with suggestions for further reading race and ethnicity the key concepts is an ideal resource for undergraduate and postgraduate students of race ethnicity and nationalism it will also be of great interest for those studying sociology anthropology politics and cultural studies

pitirim a sorokin 1889 1968 was one of the most original important and controversial figures in american sociology his spectacular rise from a peasant childhood in czarist russia to the olympian heights of harvard university provides an unlikely and fascinating lens for examining the history of an entire discipline and as barry johnston shows his equally dramatic fall from favor and unexpected resurrection illuminate both sorokin s life and the tempestuous world of academic politics an outspoken revolutionary and secretary to alexander kerensky sorokin was imprisoned and ordered executed by lenin then reprieved and exiled during the 1920s he flourished as a teacher and scholar at the university of minnesota where he published several pioneering books on the russian revolution social mobility sociological theory and rural sociology harvard president a lawrence lowell was so impressed that he recruited sorokin to chair the university s first department of sociology from 1930 to 1944 the department prospered under sorokin s leadership attracting an entire generation of young scholars who in their own right would have a profound impact on the discipline in this period sorokin published several volumes of his magnum opus social and cultural dynamics and became embroiled in a bitter battle with rival talcott parsons for control of the department parsons ultimately deposed sorokin and transformed sociology into the department of social relations sorokin nevertheless stayed on at harvard where he established the center for creative altruism but otherwise continued to work in relative obscurity finally in 1963 after years in eclipse sorokin was recognized for his accomplishments when he was elected president of the american sociological association during a long and distinguished career sorokin amassed an amazingly diverse and substantial body of work much of which set the standard for the field at the same time he broke with the conventions of sociology

frequently ridiculing and taunting his less adventurous colleagues for his heresy the flamboyant sorokin was condemned and driven to the periphery of a profession anxious for legitimacy as a science as a result sorokin s ideas have been consistently ignored and misunderstood for more than a quarter century based on exhaustive research in sorokin s papers and the harvard archives as well as interviews with sorokin s surviving family members former students and colleagues this biography restores sorokin to his rightful place in the pantheon of american intellectuals

main concepts of russian politics addresses key concepts of political life in russia specific attention is given to how russian terms relate to their english language equivalents this book also discusses current problems within russian politics with the help of conceptual apparatus taken from political theory classics thus this book is a rapprochement of political theory and russian studies it shows how familiar classics fare in an unfamiliar cultural context and how unfamiliar concerns of another culture can be made understandable with the help of these classic works

in this volume distinguished historians and political scientists examine the linguistic and conceptual dimension of the american founding they analyze political discourse during the short span of years from the revolution through ratification

audience first and second year medical students nursing practitioner students physician assistant students residents in internal medicine anesthesiology pediatrics pulmonary medicine and respiratory therapists emphasizes comprehension of fundamental concepts over memorization all major concepts illustrated with figures clinical study questions and answers and problem based examples in each chapter new to this edition correlations to clinical medicine at the end of each chapter updated text throughout additional tables added to highlight key concepts and updated references

maths now is a series of eight books for classes 1 to 8 based on the ncert syllabus the series follows an activity oriented approach to make mathematics engaging for students through emphasizing connections between mathematics and day to day experiences

this book is known for its clear writing style emphasis on concepts visual art program and thoughtful coverage of all areas of genetics the authors capture readers interest with up to date coverage of cutting edge topics and research the authors emphasize those concepts that readers should come to understand and take away with them not a myriad of details and exceptions that need to memorized and are soon forgotten in addition to topics traditionally covered in genetics this book has increased coverage of genomics including proteomics and bioinformatics biotechnology and contains more real world problems for anyone in biology agriculture or health science who is interested in genetics

a documentary history that studies the series of laws passed by the us congress to establish the federal immigration and naturalization policies which have been put into effect since the founding of the nation legislation which has been designed increasingly to restrict and curtail immigration and which has been particularly harsh on asian immigrants since its inception complete chapters are devoted to each major piece of legislation from the reconstruction era to the immigration act of 1965 documents attached to the end of each essay treat particular topics related to it annotation copyright by book news inc portland or

doctoral thesis dissertation from the year 2021 in the subject economics finance grade distinction 4 81 wilberforce island post graduate school course banking and finance language english abstract the study examines the determinants of access to and usage of financial services in sub saharan africa the study employed panel data spanning 2006 to 2018 from 12 sub sahara african countries the ex post facto research design and econometric techniques were employed to explain the determinants of financial inclusion the

descriptive statistics was employed to describe the nature of the data the llc and ips tests of stationarity indicated that all the variables were stationary at first difference the pearson pairwise correlation test revealed that the strength of association among the regressors were weak the panel data was estimated using pooled ols fixed effects and random effects panel estimation techniques the findings show that aside gdp per capita and political stability that had insignificant effect on access money supply and regulatory quality had a significant effect on access to financial services furthermore the findings suggest that aside from regulatory quality and deposit rate gdp per capita and automated teller machine exerts a significant effect on financial usage the study further reveals that money supply and lending rate significantly stimulates usage of loan accounts while regulatory quality was insignificant the study concludes that a combination of macroeconomic institutional and bank level factors determine the level of financial inclusion in sub saharan africa the study recommends that regulators should encourage a conducive environment that spurs competition and innovation in the private sector this may encourage financial access and usage due to economic growth and rising gdp per capita levels regulators should adopt policies like regulatory impact assessment ria in order to enhance the regulatory quality and boost public confidence regulators and banks should encourage the expansion of the number of functional point of service outlets in the region finally government agencies should formulate policies that would encourage socio political stability for the financial service industry to strive in the region

diploma thesis from the year 2006 in the subject business economics information management grade 1 7 cologne university of applied sciences language english abstract this document deals with the development of a sales strategy for a key account customer conducting business across domestic boundaries the idea of key account management and the geographic distinction of it as well as the process of strategic management in this context are discussed the focus lays on the adaptation of the strategic management

process to the particularities of international key account management in the course of this paper it is illustrated how key account management with the key account customer as the core element affects the strategic management process by using it with focus on a single customer instead for a whole industry for the purpose of taking key account management on an international level different levels of internationalisation are described and applied to the concept of key account management as a result of this description the expanded concept of key account management to a global level global account management is presented after describing the essentials of strategy key account management and strategic management these elements are merged and the different underlying analytical concepts are presented the main analytical concept is based on michael e porter s competitive strategy and the five competitive forces following the description and the merging of the models the theoretical framework is applied to the practical case of the t mobile international account at siemens mobile networks the practical case includes the analysis of the business relationship and leads to a final strategy keywords global account management key account management strategic management strategy development geographical distinction

over the course of the last century scholars have furiously debated four questions concerning the founders and their act of creation were the framers motivated by their economic interests how democratic was the framers constitution should we interpret the founding using philosophical or strictly historical approaches what traditions of political thought were most important to the framers in understanding the founding the crucial questions alan gibson examines the preconceptions that scholars bring to these questions explores the deepest sources of scholars disagreements over them and suggests new and thoughtful lines of interpretation and inquiry building on his previous work interpreting the founding which offers a synoptic overview of the competing perspectives that have informed modern scholarship on the founders

this is the first book devoted to examining why some issues proposed by aggrieved individuals or groups are denied access to policy agendas the book contains case studies that look at the policy process from the perspective of the strategies opponents often use to ensure agenda denial strategies usually motivated by perceived threats to widely held world views and identities
