this book reviews the current practices of traditional musics in various cultures of all
continents and examines the impact and significance of traditional musics in the modern world
a diverse group of experts of musicology and music education collaborate to expose the
current practices and challenges of transmission and evolution of traditional musics in order to
seek sustainable development so that traditional musics can take the place they deserve in the
modern world and continue to contribute to human civilization this volume contains three main
sections that include transmission of traditional musics authenticity and evolution as well as
challenges in future based on the chapters the editor proposes four major trends of
transmission of traditional musics namely formalization politicization westernization and
modernization in transforming contexts

Seyyed Hossein Nasr
this publication our fragile world challenges and opportunities for sustainable development

presents perspectives of several important subjects that are covered in greater detail and depth in the encyclopedia of life support systems. Also the contributions to the two volumes provide an integrated presentation of knowledge and worldviews related to the state of earth's natural resources, social resources, institutional resources, and economic and financial resources. They present the vision and thinking of over 200 authors in support of efforts to solve the complex problems connected with sustainable development and to secure perennial life support on the blue planet. These contributions are holistic, informative, forward looking, and will be of interest to a broad readership. This volume presents contributions with focus on the economic and institutional dimensions of sustainable development in two sections: knowledge, technology, and management; knowledge, technology, and management, economics, finance, and trade policy, and institutional implications for sustainable development, policy issues, institutional implications, regional analysis.
