the 2015 edition of iso 9001 has been modernized to update terminology and content to meet current and anticipated user needs the major emphasis of iso 9001 2015 is still consistent provision of products and services that meet customer and applicable statutory and regulatory requirements this book explains the meaning and intent of the requirements of iso 9001 2015 and discusses the requirements as they relate to each of the product categories where appropriate it includes an elaboration of why the requirements are important it also includes typical audit type questions that an organization may consider to assess conformity to internal needs and iso 9001 requirements recommendations for implementation are also included this book addresses the needs of users and organizations seeking a general understanding of the contents of iso 9001 2015 users and organizations desiring guidance to ensure

their iso 9001 2015 qms meets the new version requirements users and organizations considering the use of iso 9001 2015 as a foundation for the development of a comprehensive qms educators who require a textbook to accompany a training class or course on iso 9001 2015 auditors who desire to increase their level of auditing competence authors cianfrani and west members of the expert group that developed iso 9001 2015 strive to provide a context for all requirements to enable you to develop and deploy processes that will strengthen your qms getting or retaining a certificate is not the real objective satisfied customers and organizational sustainability should be primary objectives for the organization

iso 9001 2015 in brief provides an introduction to quality management systems for students newcomers and busy executives with a user friendly simplified explanation of the history the requirements and benefits of the new standard this short easy to understand reference tool also helps organisations to quickly set up an iso 9001 2015 compliant quality management system for themselves at minimal expense and without high consultancy fees now in its fourth edition iso 9001 2015 in brief consists of a number of chapters covering topics like what is quality an introduction to the requirements and benefits of quality quality control and quality assurance what is a qms the structure of a quality management system and associated responsibilities who produces quality standards an opportunity to see how interlinked the various standards bodies are today what is iso 9001 2015 the background to this particular standard how it has grown and developed over the years and what annex sl is all about what other standards are based on iso 9001 2015 details of other standards that replicate or are broadly based on iso 9001 2015 what to do once your qms is established process improvement tools internal auditing and the road to iso 9001 2015 certification this is supported by annex a a summary of the requirements of iso 9001 2015 including an overview of the content of the various clauses

and sub clauses the likely documentation required and how these would affect an organization a cross reference to the previous iso 9001 2008 clauses is also provided as well as a complete bibliography and glossary

the intent of this field guide is to assist organizations step by step in implementing a qms in conformance with iso 9001 2015 whether from scratch or by transitioning from iso 9001 2008 within the guide each sub clause containing requirements is the focus of a two page spread that consistently presents features that fulfill the requirements listed below this book examines each sub clause of clauses 4 10 of iso 9001 2015 which contain the requirements with a visual representation provided in flowchart format on the facing page this field guide will provide a user friendly guide to iso 9001 2015 s requirements for implementation purposes identify the documents documentation required along with recommendations on what to consider retaining adding to a qms during iso 9001 2015 implementation guide internal auditor s regarding what to ask to verify that a conforming and effective qms exists direct management on what it must do and should consider to satisfy iso 9001 2015 s enhanced requirements and responsibilities for top management depict step by step what must occur to create an effective conforming qms what separates this field guide from most other books on iso 9001 2015 and its implementation are the flowcharts showing the steps to be taken in implementing a qms to meet a sub clause s requirements as the flowcharts themselves can be overwhelming when you first look at them a text box appears with each flow chart that explains pertinent facts and or what the flowchart represents and how it is to be used

this guide is intended to help everyone in an organization participate in creating and sustaining a foundation of integrity meet requirements and customer expectations and support robust processes to the advantage of everyone

in the organization and to each of its customers it provides a simplified explanation of the clauses of iso 9001 2015 including g429 g439 what s required why to do it implementation tips questions to ask to assess conformity also included are included descriptions of 14 quality tools that may be helpful when you are structuring or deploying processes to effectively comply with iso 9001 2015 requirements for each tool the authors describe 1 what it is 2 where it s used 3 how it s done and 4 cautions to be considered when using the tool
