most contemporary analyses of sexism focus on economic social and political inequalities and suggest appropriate remedies in contrast götz argues that sexism arises at least in part out of a subconscious male envy of women s capacity to receive he refers to this as

womb envy the obvious ground of this envy is the realization by the growing boy that women have something he lacks götz documents this subconscious envy as reference to a variety of mythological motifs fairy tales and religious beliefs including theological constructs his study is cross cultural though special emphasis is placed on western traditions the importance of mythology especially is the fact that it bears witness to people s real beliefs and that it does so for a considerably long period of time thus myths become a good proof of the hypothesis of womb envy götz also explores briefly some psychological mechanisms operative in the formation of womb envy and he examines schooling as one institution that has perpetuated the womb envy that is so much a part of sexism a provocative analysis this will be of interest to the general public as well as scholars and researchers involved with women s and religious studies education psychology and philosophy

the literary canon of world war 1 celebrated for realising the experience of an entire generation ignores writing by women to the sorrows that war has always brought them the loss of husbands lovers brothers the great war added a revolutionary knowledge and all the time they wrote letters poetry novels short stories memoirs this volume of mutually reflective essays brings this writing into literary focus and ensures that women s recent history and literature are neither forgotten nor undervalued

these essays explore the impact of ideas about war and conflict on virginia woolf s writing it shows the roots of her sensitivity to violence and how she connected the myths and realities of war with the private violence of the patriarchal family

this pathbreaking book examines the experiences of women in the legal profession in australia based on interviews with more than 100 women lawyers it sets out to explain why simply letting in more women to public life does not necessarily change the masculine culture of the profession this book includes contributions from australia s leading feminist legal scholars and addresses the notion that there is a separation between public

and private life although it is a myth that the line of demarcation between public and private was ever fixed the relationship between the two spheres has become increasingly ambiguous the trends towards state intervention in private life on the one hand and privatisation of heretofore public processes such as wage fixing and dispute resolution on the other hand have accentuated the emergence of fault lines the authors consider the pros and cons of the changing visibility invisibility dualisms that correspond with public and private in regard to a range of issues that significantly impact on women s lives including sexuality the family work violence and participation in public life

how have women used global institutions and the networking possible through them to assure women s emergence on the world stage how successful have women been at the united nations and at international conferences over the years in their pressures for equality and for a full partnership with men to what extent have women gained a foothold in the political arena internationally and have they been able to exert their influence and to improve their situation expert participants and scholars give varying perspectives and insights about the history of women s worldwide efforts through governmental and nongovernmental organizations they trace the role of the un commission on the status of women and the convention on the elimination of all forms of discrimination against women they analyze the politics of the three world women s conferences in the 1970s and the 1980s the evolution of institutions set up as catalysts to resolve key issues in developing countries and the changing conditions for women in the un secretariat and specialized agencies these unusual appraisals and a lengthy bibliography are for interdisciplinary audiences of women and men around the world essential background to understanding the 1995 un conference in beijing
