the oldest magazine for literary workers

from the celebrated ursula k le guin a writer of enormous intelligence and wit a master storyteller boston globe the revised and updated edition of her classic guide to the essentials of a writer s craft completely revised and rewritten to address modern challenges and opportunities this handbook is a short deceptively simple guide to the craft of writing le guin lays out ten chapters that address the most fundamental components of narrative from the sound of language to sentence construction to point of view each chapter combines illustrative examples from the global canon with le guin s own witty commentary and an exercise that the writer can do solo or in a group she also offers a comprehensive guide to working in writing groups both actual and online masterly and concise steering the craft deserves a place on every writer s shelf

having participated in the first world war and having seen two of his sons serve in the second tolkien was concerned with many of the same themes that interested other writers in the post war period the rhythm of war flows through his writings but his own interpretation of the themes symbols and motifs of war however were influenced by his religious views and his interest in fantasy which add another layer of meaning and a sense of timelessness to his writing croft explores the different aspect of tolkien s relationship with war both in his life and in his work from the early book of lost tales to his last story smith of wootten major and concentrating on his greatest and most well known works the hobbit and the lord of the rings this timely addition to the critical literature on tolkien sheds new light on the author s life and works tolkien one of the world s most beloved authors was a world war i signaling officer who survived the battle of the somme and two of his sons served

during world war ii such experiences and events lead tolkien to a complex attitude toward war and military leadership the themes of which find their way into his most important writings his fiction criticism and letters demonstrate a range of attitudes that would change over the course of his life in the end his philosophy on human nature and evil and the inevitability of conflict would appear to be pragmatic and rational if regretful and pessimistic still croft is able to uncover a strain of hopefulness as befitted his catholicism about the ultimate fate of the human soul she concludes that his personal life and values informed his reading and his writing and the way in which he interpreted his own experiences this valuable consideration of war in the life of tolkien is essential reading for all readers interested in deepening their understanding of this great writer

fimi explores the evolution of tolkien s mythology throughout his lifetime by examining how it changed as a result of his life story and contemporary cultural and intellectual history this new approach and scope brings to light neglected aspects of tolkien s imaginative vision and contextualizes his fiction

monthly magazine devoted to topics of general scientific interest

in this new edition what was already an expansive work has been updated and further enlarged to include information not only on american and british novelists but also on writers in english from around the world
