this is a guide to the world's navies country by country the text contains commentaries for each ship complete with comprehensive details of displacement and dimensions main machinery speed and range weapons systems construction and modernisation programmes and latest operational status

this open access book is an ambitious study about how to use comparative methods to analyze contemporary military strategy in the maritime domain based on the three strategic concepts of area denial sea control and power projection this book analyzes the intensive conventional capabilities of six major powers military strategies these include the united states the united kingdom and japan the so called sea powers and russia china and india which are usually recognized as land powers through the analysis this book aims to accomplish the following three main objectives 1 to reconsider the basic concepts of maritime military strategic studies which have not changed for almost one hundred years and to propose a new analytical framework based on the following three elements as well as verifying the appropriateness of this framework a the capability with which a country can deny military threat against its territory through the maritime domain within the geographic theater i.e. roughly one thousand to two thousand kilometers from its coastline area denial b the capability with which a country can obtain military superiority or disrupt an adversary's military superiority in the open ocean sea control c the capability with which a country can project military power from the maritime domain to other countries territories accomplishing military strategic objectives power projection 2 to verify the six major powers long term military strategic objectives for example whether the country aims to enhance its power in the maritime domain or to project its military power to the other countries areas beyond the maritime domain to do this by analyzing each country's force building directions in addition this book assesses each country's capability for high intensive conflict and unravels each security military strategic objectives 3 by examining the strategic objectives of major powers this book may contribute to establishing japan's future defense strategy

jane's fighting ships is your essential reference to the world's navies country by country you will find authoritative commentaries for each ship complete with comprehensive details of displacement and dimensions main machinery speed and range weapons systems construction and modernisation programmes latest operational status and strength of fleet including sales to other navies

in the long game rush doshi demonstrates that china is in fact playing a long methodical game to displace america from regional and global order drawing from a rich base of chinese primary sources including decades worth of party documents and memoirs by party leaders he traces the history of china's grand strategy from the end of the cold war to the present day and puts forward an

asymmetric strategy for the united states to deal with it one that ironically borrows from beijing's own playbook

jane's fighting ships is your essential reference to the changing capabilities of modern navies their ships aircraft and weapons systems in service and under construction colour photographs and line drawings can be found throughout to assist your recognition needs jane's fighting ships authoritative inventories for 163 navies around the world also supports your threat assessment and with comprehensive surveys of global construction and modernisation programmes you can be sure you won't miss any new market opportunities plus with an annual review of naval events worldwide flags and ensigns ranks and insignia senior appointments personnel numbers and a new country overview jane's fighting ships provides you with a complete and indispensable naval resource and dimensions main machinery speed and range weapons systems and sensors structure country overviews and united states command and control arrangements new subscribe to jane's fighting ships online and benefit from advanced search functionality a minimum of five years archive and regular monthly updates for more information visit jfs.janes.com today jane's navy international jane's naval weapon systems jane's underwater warfare systems and jane's underwater technology are ideal complements to jane's fighting ships

a comparison of singapore and taiwan presents an interesting case study for those wishing to understand how small states struggle to overcome their strategic disadvantage since their independence singapore and taiwan have faced numerous challenges resulting from their relative strategic disadvantage they have struggled to overcome vulnerable bases an unformed conception of state and weak governmental institutes for defence while territorial borders are difficult to change both states have focused on nation building economic growth and military build up in order to overcome their predicaments during the cold war both states employed similarly authoritarian policies to preserve their survival however in the post cold war era taiwan has experienced political and economic weakness in the face of the rising china while singapore with its polity of one party domination has continued to strengthen its hard and soft power this book examines the unique context for each case drawing comparisons and offering analysis of their distinct approaches

japan's post war armed forces are a paradox both embarrassing remnants of the past and valuable repositories of experience this book charts the development of the japan self defense forces jsdf from 1954 as both unorthodox military institutions and servants of a civil society that decries militarism investigating jsdf contributions to japanese and global security the evolution of such contributions during and after the cold war and their possible reconfiguration for japan's security needs ahead garren mulloy offers insight into the forces past present and future he explores the characteristics and contradictions of japanese policy including novel approaches in response to an increasingly assertive china the latent threat of north korea and contributory pressure from the us though the american alliance remains the core of japanese security new partnerships and international

overtures will also shape the forces place in prime minister abe s new vision of proactive contributions to peace defenders of japan deconstructs how the jsdf have adapted and will continue to adapt within domestic norms caught between unresolved legacies of japan s imperial past and a dynamically shifting balance of future global power

includes section book reviews

monthly magazine devoted to topics of general scientific interest
