rediscovered classics of japanese animation is the first academic work to examine world masterpiece theater sekai meisaku gekijô 1969 2009 which popularized the practice of adapting foreign children s books into long running animated series and laid the groundwork for powerhouses like studio ghibli world masterpiece theater sekai meisaku gekijô 1969 2009 is a tv staple created by the japanese studio nippon animation which popularized the practice of adapting foreign children s books into long running animated series once generally dismissed by critics the series is

now frequently investigated as a key early work of legendary animators isao takahata and hayao miyazaki in the first book length examination of the series maria chiara oltolini analyzes cultural significance of world masterpiece theater and the ways in which the series pioneered the importance of children s fiction for japanese animation studios and laid the groundwork for powerhouses like studio ghibli adapting a novel for animation also means decoding and re coding socio cultural patterns embedded in a narrative world masterpiece theater stands as a unique example of this linguistic medial and cultural hybridisation popular children s classics such as little women peter pan and anne of green gables became the starting point of a full fledged negotiation process in which japanese animators retold a whole range of narratives that have one basic formula in common archetypal stories with an educational purpose in particular the series played a role in shaping the pop culture image of a young girl shôjo examining the series through the lens of animation studies as well as adaptation studies oltolini sheds new light on this long neglected staple of japanese animation history

this book investigates recent changes in language education policy and the implementation of english as a foreign language efl in japan s public elementary schools through interviews with policymakers school principals and elementary school teachers it examines the challenges in creating transmitting and applying this new language policy it reveals not only the contents of language policy documents but the political and socioeconomic rationale for introducing efl into japan s national curriculum this book will aid understanding of various macro level discourses such as progressive and conservative views of schooling in japan and how globalization has affected attitudes toward english education it will be of interest to researchers in language policy and planning second language acquisition second language teacher education and japanese studies

from the 10th century onwards the great japanese monastic foundations of nara and mount hiei maintained large armies of warlike monks the tempestuous political rivalries that developed between the different orders of monks and religiously inspired laymen ensured that their temples and monasteries had to be securely sited and robustly defended this books recreates these enormous fortified monasteries and temples tracing their development from the 10th century through to the sengoku jidai period and the rise of the power of the shogunate under tokugawa ieyasu

this open access book addresses a variety of issues relating to bioethics in order to initiate cross cultural dialogue beginning with the history it introduces various views on bioethics based on specific experiences from japan it describes how japan has been confronted with western bioethics and the ethical issues new to this modern age and how it has found its foothold as it decides where it stands on these issues in the last chapter the

author proposes discarding the overarching term global bioethics in favor of the new term bioethics across the globe bag which carries a more universal connotation this book serves as an excellent tool to help readers understand a different culture and to initiate deep and genuine global dialogue that incorporates local and global thinking on bioethics bioethics across the globe is a valuable resource for researchers in the field of bioethics medical ethics interested in adopting cross cultural approaches as well as graduate and undergraduate students of healthcare and philosophy

the japanese concept of akogare has become well known in tesol related literature in recent years usually in the context of interracial sexual desire in this far reaching new study of the internationalization of japanese higher education chisato nonaka uses akogare as both an analytical lens and the object of enquiry and ultimately reconceptualises it as the creation of a space where individuals negotiate and transcend their ethnic national racial gender or linguistic identities the book innovatively engages with the often controversial binary of japanese non japanese and demonstrates how japan often thought of as a homogenous nation may be at a critical crossroads where long held assumptions about a singular japanese identity no longer hold true the book has profound implications for how internationalization can mean more than just the use of english
