it s essential to the gospel but we rarely talk about it the good news of jesus includes his life death resurrection and future return but what about his ascension though often neglected or misunderstood the ascension is integral to the gospel in the ascension of christ patrick schreiner argues that jesus work would be incomplete without his ascent to god s right hand not only a key moment in the gospel story jesus ascension was necessary for his present ministry in and through the church schreiner argues that jesus residence in heaven marks a turning point in his three fold offices of prophet priest and king as prophet jesus builds the church and its witness as priest he intercedes before the father as king he rules over all a full appreciation of the ascension is essential for understanding the bible christian doctrine and christ s ongoing work in the world

for too long contemporary theology has downplayed the importance of holding together the incarnation and the resurrection when thinking theologically paul molnar here surveys the place of these key doctrines in the thought of several influential theologians karl barth karl rahner thomas f torrance john macquarrie gordon kaufman sallie mcfague roger haight john hick and wolfhart pannenberg molnar demonstrates that whenever the starting point for interpreting the resurrection is not jesus himself the incarnate son of the father then christology and soteriology are undermined because they are not properly rooted in a plausible doctrine of the trinity fair comprehensive and balanced molnar s analysis following torrance and barth highlights the details of contemporary theology of the resurrection linked to the incarnation and maintains the necessity of the incarnation in its intrinsic unity with the resurrection as the beginning rather than the end of christology

what do christian communities imagine when they think of themselves as church and how do these ecclesiological imaginations inform christianity s past and present entanglements with violence and injustice intercommunal ecclesiology addresses these questions by examining the distinctive role intergroup dynamics play in shaping christian collective behaviors against the other that are incongruent with christian theological principles such as love of neighbor through interdisciplinary engagement with social psychology systems theory biblical criticism and studies in the early history of christianity this book makes a case for a theological re envisioning of the church at the three way intersection of an anthropology of intergroup dynamics a soteriology adequately rooted in god s historical salvation plan and a christology sensitive to christ s collective embodiment the book argues that within god s plan of historical salvation the church is supposed to function as god s communal response to intercommunal disunity a role it fulfills with integrity only when and where it enacts itself as a counterperformance to aggression conflict and indifference between human communities

foundational model for the practice of christian missions in the world today the incarnation is the culmination of god s activity and presence in the world says guder for in this event god initiates the healing of a broken world using literary historical and social approaches to scripture guder claims the contemporary church should return to an Òincarnational missionÓ in which the practice of christian witness is Òshaped by the life ministry suffering death and resurrection of jesus Ó
