good to great by jim collins key takeaways analysis review preview what does it take to make something an activity a work of art a company great what are the factors that distinguish the merely good from the truly great in good to great why some companies make the leap and others don't jim collins offers insight into what makes a business truly great please note this is key takeaways and analysis of the book and not the original book inside this instaread of good to great overview of the book important people key takeaways analysis of key takeaways

good to great why some companies make the leap and others don't a complete summary good to great is a book written by the american author jim collins jim is a lecturer and business consultant his lectures focus on the subjects of business sustainability and economic growth collins attended stanford university where he received his mba in mathematics he then spent eighteen months working as a consultant for mckinsey and co before becoming a product manager for hewlett packard collins has also written or co authored six other books in addition to good to great all of which are based on his research one of these books built to last was a best seller for more than six years and has been translated into twenty five languages good to great why some companies make the leap and others don't talks about the crucial differences between companies that do passably good business and those that do exceptionally great business after this initial discussion the author explains that even though

there is nothing wrong with good that good can and often does prevent us from achieving more of our potential good will keep us satisfied with the current situation and because of this satisfaction we may be unable and unwilling to try to achieve something better this concept applies in business as well while there are many companies that are good there are only a few companies that excel at what they do this means that there are many companies that are stuck with being good this book offers ways to understand what distinguishes between good and great companies and what each company should do in order to achieve being great the research and suggestions make it excellent literature for businessmen here is a preview of what you will get in good to great you will get a summarized version of the book in good to great you will find the book analyzed to further strengthen your knowledge in good to great you will get some fun multiple choice quizzes along with answers to help you learn about the book get a copy and learn everything about good to great

it can be hard for busy professionals to find the time to read the latest books stay up to date in a fraction of the time with this concise guide taking a company from being good to being great is no mean feat but luckily collins has outlined some interesting concepts to help business owners take the next step towards greatness from becoming a level 5 leader to improving your way of thinking and acting good to great provides all the advice you need to help your organisation flourish and grow the book has been translated into 32 languages and has featured on many bestseller lists including those of the wall street journal and the new york times for several months proving the incredible success of this business book collins owns his own management research centre and has often collaborated with large scale organisations such as cnn and the marine corps of the united states who have benefitted from his profound knowledge and entrepreneurial mindset this book review and analysis is perfect for anyone looking to take their organisation to the next level anyone who wishes to improve their leadership skills anyone who is interested in collins thought provoking research in the management field about 50minutes com book review the book review series from the 50minutes collection is aimed at anyone who is looking to learn from experts in their field without spending hours reading endless pages of information our reviews present a concise summary of the main points of each book as well as providing context different perspectives and concrete examples to illustrate the key concepts

detailed summary and analysis of good to great

this is a summary of jim collins good to great why some companies make the leap and others don't the challenge built to last the defining management study of the nineties showed how great companies triumph over time and how long term sustained performance can be engineered into the dna of an enterprise from the very beginning but what about the company that is not born with great dna how can good companies mediocre companies even bad companies achieve enduring greatness the study for years this question preyed on the mind of jim collins are there companies that defy gravity and convert long term mediocrity or worse into long term superiority and if so what are the universal distinguishing characteristics that cause a company to go from good to great the standards using tough benchmarks collins and his research team identified a set of elite companies that made the leap to great results and sustained those results for at least fifteen years how great after the leap the good to great companies generated cumulative stock returns that beat the general stock market by an average of seven times in fifteen years better than twice the results delivered by a composite index of the world's greatest companies including coca cola intel general electric

and merck the comparisons the research team contrasted the good to great companies with a carefully selected set of comparison companies that failed to make the leap from good to great what was different why did one set of companies become truly great performers while the other set remained only good over five years the team analyzed the histories of all twenty eight companies in the study after sifting through mountains of data and thousands of pages of interviews collins and his crew discovered the key determinants of greatness why some companies make the leap and others don't the findings the findings of the good to great study will surprise many readers and shed light on virtually every area of management strategy and practice the findings include level 5 leaders the research team was shocked to discover the type of leadership required to achieve greatness the hedgehog concept simplicity within the three circles to go from good to great requires transcending the curse of competence a culture of discipline when you combine a culture of discipline with an ethic of entrepreneurship you get the magical alchemy of great results technology accelerators good to great companies think differently about the role of technology the flywheel and the doom loop those who launch radical change programs and wrenching restructurings will almost certainly fail to make the leap some of the key concepts discerned in the study comments jim collins fly in the face of our modern business culture and will quite frankly upset some people perhaps but who can afford to ignore these findings available in a variety of formats this summary is aimed for those who want to capture the gist of the book but don't have the current time to devour all 300 pages you get the main summary along with all of the benefits and lessons the actual book has to offer this summary is not intended to be used without reference to the original book

good to great in 30 minutes is the essential guide to quickly understanding the lessons outlined in jim collins's bestselling book good to great in good to great renowned author jim collins examines the fundamentals behind the few companies that make the leap to greatness and the many that fail to do so built upon five years of research collins and his team identified eleven companies who had achieved greatness defined as outperforming the stock market by a factor of three for 15 years and discovered that they all exhibited a series of common factors these factors ranging from the presence of leaders who exhibit personal humility to a company wide understanding of core business goals form the basis for good to great and its critically acclaimed lessons with compelling research and fascinating case studies collins presents the definitive study of how organizations large and small can achieve spectacular sustained results a 30 minute expert summary designed for those whose desire to learn exceeds the time they have available 30 minute expert summaries enable readers to rapidly understand the important ideas behind critically acclaimed books with a condensed format and chapter by chapter synopsis that highlights key lessons readers can quickly and easily become experts in 30 minutes

the challenge built to last the defining management study of the nineties showed how great companies triumph over time and how long term sustained performance can be engineered into the dna of an enterprise from the very beginning but what about the company that is not born with great dna how can good companies mediocre companies even bad companies achieve enduring greatness the study for years this question preyed on the mind of jim collins are there companies that defy gravity and convert long term mediocrity or worse into long term superiority and if so what are the universal distinguishing characteristics that cause a company to go from good to great the standards using tough benchmarks collins and his research team identified a set of elite companies that made the leap to great results and

sustained those results for at least fifteen years how great after the leap the good to great companies generated cumulative stock returns that beat the general stock market by an average of seven times in fifteen years better than twice the results delivered by a composite index of the world's greatest companies including coca cola intel general electric and merck the comparisons the research team contrasted the good to great companies with a carefully selected set of comparison companies that failed to make the leap from good to great what was different why did one set of companies become truly great performers while the other set remained only good over five years the team analyzed the histories of all twenty eight companies in the study after sifting through mountains of data and thousands of pages of interviews collins and his crew discovered the key determinants of greatness why some companies make the leap and others don't the findings the findings of the good to great study will surprise many readers and shed light on virtually every area of management strategy and practice the findings include level 5 leaders the research team was shocked to discover the type of leadership required to achieve greatness the hedgehog concept simplicity within the three circles to go from good to great requires transcending the curse of competence a culture of discipline when you combine a culture of discipline with an ethic of entrepreneurship you get the magical alchemy of great results technology accelerators good to great companies think differently about the role of technology the flywheel and the doom loop those who launch radical change programs and wrenching restructurings will almost certainly fail to make the leap some of the key concepts discerned in the study comments jim collins fly in the face of our modern business culture and will quite frankly upset some people perhaps but who can afford to ignore these findings

it can be hard for busy professionals to find the time to read the latest books stay up to date in a fraction of the time with this concise guide taking a company from being good to being great is no mean feat but luckily collins has outlined some interesting concepts to help business owners take the next step towards greatness from becoming a level 5 leader to improving your way of thinking and acting good to great provides all the advice you need to help your organisation flourish and grow the book has been translated into 32 languages and has featured on many bestseller lists including those of the wall street journal and the new york times for several months proving the incredible success of this business book collins owns his own management research centre and has often collaborated with large scale organisations such as cnn and the marine corps of the united states who have benefitted from his profound knowledge and entrepreneurial mindset this book review and analysis is perfect for anyone looking to take their organisation to the next level anyone who wishes to improve their leadership skills anyone who is interested in collins thought provoking research in the management field about 50minutes.com book review the book review series from the 50minutes collection is aimed at anyone who is looking to learn from experts in their field without spending hours reading endless pages of information our reviews present a concise summary of the main points of each book as well as providing context different perspectives and concrete examples to illustrate the key concepts

please note this is a companion version not the original book sample book insights 1 good is the enemy of great and that is one of the main reasons why we have so little that becomes great we don't have great schools governments or companies because it is just so easy to settle for a good life 2 the good to great examples that made the final cut attained extraordinary results 3 the quest to find the secrets of greatness began with a single company walgreens and its transformation from a mediocre company to a great one the five year

study yielded many insights many of which were surprising and contrary to conventional wisdom 4 i began to assemble a team of researchers we found eleven good to great examples including fannie mae and walgreens which surprised us it is possible to turn good into great in the most unlikely of situations

this is a shortened version of the original book to help you understand the book faster and better good to great shortened version into 35 pages or less why some companies make the leap and others don't good to great is a book written by american author business consultant and lecturer on the subjects of company sustainability and its economic growth jim collins collins enrolled stanford university and studied mathematic and managed to obtain his mba which was followed by eighteen months of working as a consultant with mckinsey and co afterwards he worked as a product manager for hewlett and packard besides writing this book collins also wrote or co authored all together six books and all of them were based on his research one of the books he wrote was built to last a book that was best seller for more than six years and a book that was also translated into twenty five languages good to great why some companies make the leap and others don't talks about what makes crucial difference between companies that do good and companies that do great business there the author continues and explains that even though initially there is nothing wrong with good but later that good can and often does prevent us from achieving more of our potential good will keep us satisfied with current situation but because of this satisfaction we will be unable and unwilling to try to achieve something more things are similar in business while there are many companies that are good there are only a few companies that exceed at what they do which means that there are many companies that are somewhat stuck in being good this book offers ways how to understand what distinguishes good and great companies and what each company should do in order to achieve being great which makes it excellent literature for businessmen here is a preview of what you will get in good to great you will get a shortened version of the story in good to great you will find the book analyzed to further strengthen your knowledge in good to great you will get some fun multiple choice quizzes along with answers to help you learn about the novel click the buy now with one click button and learn everything about good to great
