excerpt from an introduction to political economy i have endeavored in this book so to lay the foundations of political economy in their whole circuit that they will never need to be disturbed afterwards by persons resorting to it for their early instruction however long and however far these persons may pursue their studies in this science it seems to me of no advantage but quite the reverse for any young person to gain a conception of a science that will have to be discarded afterwards for a better one or to lay in the interest of ease and quickness temporary foundations that will have to be relaid before any solid and extended superstructure can be built upon them i have endeavored at the same time to make the sense of every sentence as clear as language can make it and to connect the limitations of all general principles with the statement of the principles themselves political economy has to deal throughout with the idea of value which is not only an abstract but also a relative idea and it is a task of some difficulty to combine with a scientific exactness of treatment a plain and easy way of putting the points before young minds about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books

excerpt from principles of political economy perhaps i may also be allowed to remark that the excess of impartiality for which i am taken to task has not been the characteristic feature of treatises on political economy which have been hitherto published in france for several generations these books had been in the habit of presenting political economy in only one light the point of view of the liberal school there is then no reason to murmur if later treatises should break with a tradition which was beginning to assume the shape of a law should restore their rightful place to doctrines which have heretofore been proscribed and should give their due share of justice even to notions which do not command our assent for thus can be applied shakespeare s admirable maxim about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
