Tennessee Williams is generally regarded along with Eugene O'Neill and Arthur Miller as one of the greatest American dramatists of the 20th century. This reputation rests upon more than 40 years of critical acclaim accrued by his two masterpieces *A Streetcar Named Desire* and *The Glass Menagerie*, and by a body of works that also includes the Pulitzer Prize winning drama *Cat on a Hot Tin Roof* and more than 60 other plays such as *The Rose Tattoo*, *Orpheus Descending* and *The Night of the Iguana*. He has created some of the most enduring characters on the American stage and several actors have achieved stardom through roles created by him through representative reviews and criticism. This reference book provides a chronological record of the response to Williams's work. An introductory essay overviews his development as a dramatist and discusses some of the major themes in his works while a chronology highlights the principal events in his life and career. Sections of the book are then devoted to his major plays for the most significant plays each section typically reprints several reviews and an extensive critical essay. The volume concludes with a selected bibliography of work by and about Tennessee Williams.

Best known for his novel trilogy *Molloy*, *Malone Dies* and *The Unnamable* and the plays *Endgame* and *Waiting for Godot*, Samuel Beckett (1906-89) was awarded the Nobel Prize for Literature in 1969. A towering figure in world literature, his accomplishments in these genres have inspired scores of books and hundreds of articles devoted to interpreting, appreciating and explicating his novels, poems and plays. Less well known to readers, however, is the considerable body of short stories Beckett published throughout his writing career, especially during his later years. With this first book-length treatment of Beckett's short fiction, Robert Cochran provides a much-needed addition to the literature on Beckett. Presented here are spirited, chronologically arranged discussions of the stories, excerpts of the remarks of Beckett and others on the writer's craft, and selections from previously published critical commentary on the short stories. In his comprehensive analysis of the stories, Cochran shows the intimate and interdependent relationships between Beckett's short fiction and his writing in other genres. Beckett is presented throughout not as a difficult writer with a grim vision of humankind but as an accessible writer who addressed his efforts to the common reader and whose works were compassionate rather than nihilistic, opposed to sentimentality rather than sentiment.

Nineteenth-century American romance as a genre is defined by the writings of a particular group of authors: James Fenimore Cooper, Washington Irving, Charles Brockden Brown, Edgar Allan Poe, Nathaniel Hawthorne, Herman Melville, and Henry James, all of whom are associated with one another in time and place. In this volume, Emily Miller Budick examines the genre both as a style and within a historical context. She interprets American romance as an evolving literary aesthetic and cultural philosophy as an effort by a group of
