computed tomography ct is a powerful technique providing precise and confident diagnoses the burgeoning use of ct has resulted in an exponential increase in collective radiation dose to the population despite investigations supporting the use of lower radiation doses surveys highlight the lack of proper understanding of ct parameters that affect radiation dose dynamic advances in ct technology also make it important to explain the latest dose saving strategies in an easy to comprehend manner this book aims to review all aspects of the radiation dose from ct and to provide simple rules and tricks for radiologists and radiographers that will assist in the appropriate use of ct technique the second edition includes a number of new chapters on the most up to date strategies and technologies for radiation dose reduction while updating the outstanding contents of the first edition vendor perspectives are included and an online image gallery will also be available to readers

regulatory problems defined as excessive crying sleeping or feeding problems are among the most common concerns of parents with children 0 5 years old these problems are typically understood within the context of the parent child relationship however the complex underlying mechanisms that explain the occurrence and continuation as well as long term outcomes of regulatory problems are still poorly understood despite some promising treatment options important knowledge gaps remain to be addressed which will inform evidence based practice for services of children aged 0 5 with this research topic we aim to bring together research from different countries and from multidisciplinary research backgrounds on the topic of regulatory problems and disorders we particularly encourage research that focuses on observed parent child interactions in relation to regulatory problems we view regulatory problems as a transdiagnostic biopsychosocial concept covering excessive crying sleeping and or feeding and eating problems however studies with a focus on any of these problems are also encouraged
