this edited volume offers arguably the first systemic and critical assessment of the debates about and contestations to the construction of a putative chinese school of ir as sociological realities in the context of china s rapid rise to a global power status contributors to this volume scrutinize a particular approach to worlding beyond the west as a conscious effort to produce alternative knowledge in an increasingly globalized discipline of ir collectively they grapple with the pitfalls and implications of such intellectual creativity drawing upon local traditions and concerns knowledge claims and indigenous sources for the global production of knowledge of ir they also consider critically how such assertions of chinese voices and articulation of their ambition for theoretical innovation from the disciplinary margins contribute to the emergence of a global ir as a truly inclusive discipline that recognizes its multiple and diverse foundations reflecting the varied perspectives of both the active participants in the chinese school of ir debates within china and the observers and critics outside china this work will be of great interest to students and scholars of ir theory non western ir and chinese studies

in brazil's international activism monika sawicka questions how brazil's deep rooted craving for greatness has led to the quest for status in the twenty first century and contends that the categorization of brazil as an emerging middle power enriches the understanding of modern brazilian foreign policy drawing on the rich vocabulary of role theory sawicka sets out to establish an original theoretical framework that comprises the structural status the behavioral role and the cognitive ideational identity to assess whether brazil has performed roles distinguishing a middle power and how the state has reconceptualized them the model is applied to scrutinize how ideational and material drivers impacted brazil's engagement as an integrator in latin america donor in africa mediator in the middle east and coalition builder of developing states in global fora despite recent criticism of the concept of emerging middle powers sawicka argues that brazil's international activism stands as a precise embodiment of such a power with an aim of theory development and contributing to the debate on brazil's international standing brazil's international activism provides a much required reinterpretation of brazilian foreign policy which will be of interest to scholars and students of foreign policy analysis international relations and latin american studies

brazil and latin america between the separation and integration paths challenges the separatist bias in the vision of brazilian relations with its latin american neighbors by exploring the parallel existence of a path of integration the focus of this study is on those forces which have intended to forge different forms of alignment integration and sometimes rightward union between brazil and different latin american countries the authors analyze the ideas and projects inherent in the mindset of elites even before independence they show that the path of integration has been more influential than is generally known ultimately this book demonstrates the complexity around policy making debates on foreign policy and the history of shaping the brazilian self

the attempts by brazilian diplomats and intellectuals to establish ties with africa during and after decolonization reveal the contradictions in brazil's idea of itself as a racial democracy

over the last decade there has been a shift toward a strategic view of africa china and the us import much of their oil from africa which is clearly emerging on the world stage as a strategic player africa and the new world era probes the importance and significance of this shift and its implications for africa's international relations

this unique collection of twelve essays by internationally known scholars deals with the important but underexplored topic of the transatlantic linkages between western africa and brazil during the era of the slave trade c 1600 1850 brazil received more enslaved africans approximately 4.5 million than any other part of the americas ten times as many as north america and more than all of the caribbean and north america combined the forced shipment of millions of africans to the americas where their enslavement became the basis of intense exploitation profoundly influenced the development of the american societies that used slaves the african societies from which the victims originated and the european nations centrally involved in colonizing the

americas transatlantic slavery and the forces that produced its formal abolition in the nineteenth and twentieth centuries were clearly vital in helping to define the identities of both black and white people and in shaping european colonialism and imperialism these factors have left legacies of racism and division with important social consequences divided into three major parts the collection focuses in the first section on the portuguese brazilian slave trade the second section examines the impact of western africans on the making of colonial and postindependence brazil the final section explores the effects of brazil and afro brazilians on western africa this important volume of cutting edge research and analysis makes a significant contribution to our understanding of the history of slavery in the americas
