a lively illustrated history that reveals how the movie business has fascinated scandalized
and socialized the twin cities and its people

the definitive look at one of the most important black art films and original filmmakers of
the 1970s bill gunn s ganja hess 1973 has across the decades attained a sizable cult
following among african american cinema devotees art house aficionados and horror fans
thanks to its formal complexity and rich allegory pleading the blood is the first full length

study of this cult classic *Ganja Hess* was withdrawn almost immediately after its New York premiere by its distributor because Gunn's poetic re-fashioning of the vampire genre allegedly failed to satisfy the firm's desire for a by-the-numbers blaxploitation horror flick for quick sell-off in the urban market. Its current status as one of the classic works of African American cinema has recently been confirmed by the Blu-ray release of its restored version by its continued success in screenings at repertory houses, museums and universities and by an official remake *Da Sweet Blood of Jesus* (2014) directed by Spike Lee. One of the original picture's longtime champions, pleading the blood draws on Gunn's archived papers, screenplay drafts and storyboards as well as interviews with the living major creative participants to offer a comprehensive, absorbing account of the influential movie and its highly original filmmaker.

This book, the first of two volumes, will provide a major new history of the British B film, tracing the development of the low-budget supporting feature from the 1927 Films Act, which introduced a quota system for the distribution and exhibition of indigenous product, to the age of television when B film producers channelled their energies into making TV programmes. Along the way, the authors will address leading producers and studios, B film stars, distributors, the genres and themes that tended to dominate B film production (comedy, horror, crime and fantasy), quota 'quickies' and will include a case study of the B films of Michael Powell. The authors' argument is that the B film was hugely important in British cinema history in offering an opportunity for British actors and technicians to develop their careers and that the films themselves provided an outlet for the exploration of peculiarly British cultural concerns in an industry traditionally dominated by Hollywood output. They also contend that some of the films stand up well to contemporary viewing and are deserving of critical re-evaluation.

Though chiefly remembered as the dance partner of Fred Astaire, Ginger Rogers had many other significant achievements in the entertainment world: she was a dancer, singer, comedienne and Academy Award-winning dramatic actress, as well as the highest-paid Hollywood star in 1942. *Miss Faris* provides a detailed record of Ginger Rogers's life and career, painting a picture of her as one of the most versatile performers in the United States. The volume begins with a short biography of Ginger Rogers, along with a succinct chronology of the major events in her life and career. These portions of the book provide a context for the chapters that follow, which contain annotated entries for her stage, film, radio and television performances. The entries provide production information and cast listings, along with
