popular literature of 212 knowledge items recommended by the American Association of Motor Vehicle Administrators (AAMVA) for inclusion in driver manuals. 119 were addressed by a majority (51 or more) of the manuals reviewed and are considered best practices in subject matter content. Additional topics that should be considered best practices in subject matter content are intersection safety, particularly with regard to red light running; sharing the road with trucks, particularly emphasis on their no zones; road rage and aggressive driving; driver distraction; seatbelt usage, particularly with regard to the jurisdiction's primary or secondary seatbelt laws; and following distance with emphasis on the need for a three or four second gap with regard to factors other than subject matter content. It was found that most jurisdictional manuals (77) are smaller than the 8 1/2 in x 11 in size of the Arizona manual, with 48 opting for the compact 5 1/2 in x 8 1/2 in.
