two leading experts in terrorism provide smart granular analysis of the group's brutally effective strategy tactics and ideology washington post the islamic state known as isis exploded into the public eye in 2014 capturing the imagination of the global jihadist movement and attracting recruits in unprecedented numbers it also exhibited a level of sadistic violence and destruction that has alienated even the hardcore terrorists of its parent organization al qaeda in isis the state of terror jessica stern and j. m. berger trace the ideological innovations that the group deploys to recruit unprecedented numbers of westerners the composition of its infamous snuff videos and the technological tools it exploits on social media to broadcast its atrocities they also examine isis's predatory abuse of women and children and its use of horror to manipulate world leaders and its own adherents as it builds its twisted society the authors conclude with a much needed perspective on how world

leaders should respond to isis s insidious provocations
