in the laws and principles of whist stated and explained by cavendish readers are introduced to a comprehensive guide on the famous card game whist the book delves into the rules strategies and nuances of whist providing detailed explanations and illustrations to aid players in mastering the game written in a clear and concise style cavendish s work reflects the meticulous approach of a passionate whist enthusiast making it a valuable resource for both beginners and experienced players the book s emphasis on precision and logic mirrors the intellectual rigor of 19th century card game literature cavendish s attention to detail and dedication to the craft of whist shines through in every page elevating this text to a scholarly yet accessible guide for aficionados of the game fans of card games and those looking to deepen their understanding of whist will find the laws and principles of whist stated and explained a compelling and enlightening read

this book is intended for intermediate and advanced players and is designed along the lines of a convention card each subject no trump majors weak two bids etc gets its own chapter within each chapter each topic gets a page of text along with examples and a quiz most intermediate players have a working but incomplete knowledge of the various topics this book will fill in the blanks add new ideas to your bidding arsenal and significantly improve your bidding skills

it has often occurred to the author that there are two principal defects in the existing treatises on the game of whist the one that the principles of play are in general laid down as so many isolated and arbitrary conventions the reasons upon which such principles are based being seldom if at all and scarcely ever fully stated the other that suitable illustrations by which alone the principles can be brought forcibly home and fixed in the memory are almost entirely wanting the present work is an attempt to supply these deficiencies with regard to the latter the author feels that nothing in point of illustration of principles can be so instructive as a selection of hands played completely through and accompanied by copious explanations the idea it is believed as applied to whist is a new one though a similar plan has long been in use in treatises on chess it has not been deemed necessary to occupy space by detailing the mode of playing and of scoring as this information can be readily acquired at the table the reader is therefore credited with this elementary knowledge and is conducted at once to the general principles which he is advised to consider carefully before proceeding to the hands

the most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics

in this concise easy to follow book the famous authors have refined point count bidding and simplified play strategy to the point where the average or even beginning player can understand and easily use techniques of the masters any player with the most rudimentary knowledge of standard bidding will find that the dramatic but simple modification of the point count system demonstrated in this book makes evaluating a hand and coming up with winning bids simple and logical in addition the authors have reduced the mystique of advanced plays to basic second nature strategy whether you re a social bridge player a rubber or money player or a duplicate player a reading of this remarkable book will result in dramatically increased scores on the we side of your card book jacket flap
