many americans holding fast to the american dream and the promise of equal opportunity claim that social class doesn't matter yet the ways we talk and dress our interactions with authority figures the degree of trust we place in strangers our

religious beliefs our achievements our senses of morality and of ourselves all are marked by social class a powerful factor affecting every domain of life in facing social class social psychologists susan fiske and hazel rose markus and a team of sociologists anthropologists linguists and legal scholars examine the many ways we communicate our class position to others and how social class shapes our daily face to face interactions from casual exchanges to interactions at school work and home facing social class exposes the contradiction between the american ideal of equal opportunity and the harsh reality of growing inequality and it shows how this tension is reflected in cultural ideas and values institutional practices everyday social interactions and psychological tendencies contributor joan williams examines cultural differences between middle and working class people and shows how the cultural gap between social class groups can influence everything from voting practices and political beliefs to work habits home life and social behaviors in a similar vein annette lareau and jessica mccrory calarco analyze the cultural advantages or disadvantages exhibited by different classes in institutional settings such as those between parents and teachers they find that middle class parents are better able to advocate effectively for their children in school than are working class parents who are less likely to challenge a teacher's authority michael kraus michelle rheinschmidt and paul piff explore the subtle ways we signal class status in social situations conversational style and how close one person stands to another for example can influence the balance of power in a business interaction diana sanchez and julie garcia even demonstrate that markers of low socioeconomic status such as incarceration or unemployment can influence whether individuals are categorized as white or black a finding that underscores how race and class may work in tandem to shape advantage or disadvantage in social interactions the united states has one of the highest levels of income inequality and one of the lowest levels of social mobility among industrialized nations yet many americans continue to buy into the myth that theirs is a classless society facing social class faces the reality of how social class operates in our daily lives why it is so pervasive and what can be done to alleviate its effects

a fresh take on social class from the experts behind the bbc's great british class survey why does social class matter more than ever in britain today how has the meaning of class changed what does this mean for social mobility and inequality in this book mike savage and the team of sociologists responsible for the great british class survey look beyond the labels to explore how and why our society is changing and what this means for the people who find themselves in the margins as well as in the centre their new conceptualization of class is based on the distribution of three kinds of capital economic

inequalities in income and wealth social the different kinds of people we know and cultural the ways in which our leisure and cultural preferences are exclusive and provides incontrovertible evidence that class is as powerful and relevant today as it's ever been

the second edition of this strong collection brings together classical statements on social stratification with current and original scholarship providing a foundation for theoretical debate on the nature of race class and gender inequality designed for students in courses on social stratification inequality and social theory this new edition includes a revised and updated editor's introduction and conclusion along with five new chapters on race and gender from distinguished scholars in the field

in when did we all become middle class martin nunlee discusses how a lack of class identity gives people a false sense of their relationship to power which has made the us population accept the myth that they live in a meritocracy this book examines social class within the framework of psychological tendencies everyday interactions institutions and pervasive cultural ideas to show how americans have shifted from general concerns of social and economic equality to fragmented interests groups written in a conversational style this book is a useful tool for undergraduate courses covering social class such as inequality stratification poverty and social problems

an examination of the major classical sociological theories relevant to education and of the rise and decline of the new sociology of education author also discusses the vexed questions of equality of opportunity the relationship between school and society the growth of educational bureaucracies and the roles of state church and family in education in australia since 1949 includes endnotes tables and index

written in 1883 this political and economic treatise is even more pertinent today than at the time of its first publication sumner champions the rights of the individual over the state and organized pressure groups he defines the important role that the forgotten man must play in our social and economic development

are social classes meaningful to americans the question has attracted popular and scholarly debate since the founding of the republic the jackmans offer a new perspective on the debate by analyzing popular conceptions of social class mary

and robert jackman assert that the meaning and reality of class cannot be evaluated without attention to its place in public awareness and they draw on national survey to examine the willingness of americans to identify with one of five social classes ranging from the poor to the upper class what meanings do people attache to these classes do classes have emotional significance why do some think of themselvs as working class while other consider themselves middle class do blacks and whites women and men process class cues in the same way how do people s social environments influence their class awareness what are the social and political implications of class the evidence in this book indicates that class is an important part of american social life classes form a graded series of status groups that are assembled from configurations of socioeconomic criteria they are not rigidly bounded but these groups reflet emotionally significant social communities that command affiliation although american electoral politics has failed to provide more than limited expression of class issues this important work makes clear tha at the grassroots leve there is a pervasive awareness of social class this title is part of uc press s voices revived program which commemorates university of california press s mission to seek out and cultivate the brightest minds and give them voice reach and impact drawing on a backlist dating to 1893 voices revived makes high quality peer reviewed scholarship accessible once again using print on demand technology this title was originally published in 1983

a comprehensive work that brings together and explores state of the art research on the link between stress and health outcomes offers the most authoritative resource available discussing a range of stress theories as well as theories on preventative stress management and how to enhance well being timely given that stress is linked to seven of the ten leading causes of death in developed nations yet paradoxically successful adaptation to stress can enable individuals to flourish contributors are an international panel of authoritative researchers and practitioners in the various specialty subjects addressed within the work

the questions raised by a study of class and inequality are important but often complex this book succeeds in making them understandable without oversimplifying and its breadth originality and easy style will appeal to a wide readership peter saunders covers theories of social class as well as evidence on class inequalities in the contemporary period he analyses why class inequalities exist whether they are inevitable whether they are unjust and how they are changing the analysis is comprehensive and up to date and includes information on how the distribution of wealth and income and social mobility

chances have been changing during the thatcher years it also explores how the class structure is being affected by developments such as the spread of privatization and individual shareholdings the rise of the yuppies and the emergence of an underclass on the theoretical side professor saunders gives equal weight to marxist social democratic and neo liberal perspectives on class and inequality and writers as diverse a karl marx john rawls and friedrich hayek all receive serious and balanced consideration
