why should anyone care about the medium of communication today especially when talking about media law in today's digital society many emphasise convergence and seek new regulatory approaches in medium law however the medium theory insights of harold innis marshall mcluhan and the toronto school of communication are drawn upon as part of an argument that differences between media and technological definitions continue to play a crucial role in the regulation of the media indeed mac síthigh argues that the idea of converged cross platform medium neutral media regulation is unattainable in practice and potentially undesirable in substance this is demonstrated through the exploration of the regulation of a variety of platforms such as films games video on demand and premium rate telephone services regulatory areas discussed include content regulation copyright tax relief for producers and developers new online services conflicts between regulatory systems and freedom of expression this timely and topical volume will appeal to postgraduate students and postdoctoral researchers interested in fields such as law

policy regulation media studies communications history and cultural studies

if you don't like the idea of a boy who says he is a girl using the girls bathroom are you out of step with the mainstream if diversity equity and inclusion programs strike you as discriminatory are you just racist are you a prude if you do not want sexually explicit books about gender in your child's school library experts and the radical left want you to think that on these hot button issues americans are split down the middle polarized they want you to think that at least half of your fellow citizens hold views that only yesterday everyone considered crazy and they want to make you afraid of not being on the enlightened side but it turns out that this polarization is a myth with clarity and optimism jonathan butcher dismantles the myth of a fractured nation showing how our underlying agreement on character virtue and our shared sense of national identity can guide lawmakers and communities toward policies that help everyone have a chance at the good life and the american dream in a time when headlines scream of division and mutual antagonism the polarization myth offers a refreshing perspective americans are more united than you think drawing from a survey of over 2 000 citizens along with robust research butcher uncovers a surprising consensus on today's most contentious issues from education and civics to race and gender

this book addresses timely concerns of rising african nationalism and the 2nd decolonisation in africa the wholesale rejection of all things considered western is seen to be a result of integrationism defined as the specific kind of methodology by which eu foreign policy engagement may be interpreted using complexity theory and panarchy a specific arrangement of interacting complex adaptive systems together with a resilience assessment the eu's foreign policy is shown to be undermining the aims of the premier african institution the au created to provide unity and security on the continent the eu pursues these objectives in its own image rather than honouring african values this book raises awareness of these issues as well as to widen the application of the theoretical framework in international relations and politics which is becoming increasingly important in a complex world the aim of this book is to show that the negative isolationism pursued in order to counteract western influence is not the answer and can be avoided through this awareness
