richard james rapier of english ancestry died 1752 in st marys county maryland descendants and relatives lived in maryland kentucky louisiana texas and elsewhere

based on the idea that childhood professionals like physicians should first do no harm this popular reader friendly book exemplifies a positive constructivist approach to guidance that respects protects and helps children become self responsible competent independent cooperative people who like themselves and have strong values content is organized around three styles of caregiving authoritarian authoritative and permissive and based on a solid understanding of child development the author never mandates a cookbook of techniques for guiding children but encourages readers to use the decision making model of child guidance a model that evolves from an understanding of a variety of child guidance theories including those of piaget vygotsky rogers and adler for individuals employed and involved in any capacity in the guidance and management of young children

providing a perspective for teaching psychological testing this book tells the story of testing within a chronological framework based on an integrated social and psychological interpretation of testing as an important aspect of north american society this approach balances coverage between the history and the essentials of psychological testing and allows for discussion of the relationship between society and testing throughout rogers presents the ideas of the testing field in the contexts in which they emerged and places testing squarely within ongoing debates and controversies in the discipline of psychology

the authors use in depth coverage of classic theory as a springboard for exploring current research case illustrations demonstrate linkage of theory to the individual

this book is an attempt to examine the history of psychology through autobiographies of some of the science s early theorists the author of a recent history of psychology found that it was impossible to get important facts concerning the scientific development of certain individuals except from those individuals themselves since a science separated from its history lacks direction and promises a future of uncertain importance it is a matter of consequence to those who wish to understand psychology for those individuals who have greatly influenced contemporary psychology to put into print as much of their personal histories as bears on their professional careers psycinfo database record c 2006 apa all rights reserved

a supplement to the 1981 3 volume set readers can refer to these books if they require published immigration passenger and naturalization records of individuals who came to the usa canada and the rest of the new world between the 16th and mid 20th centuries

this synthesis of the central themes of social psychology and personality theory covers the central topics of social psychology and shows how they and their messages inform the study of any topic having to do with social behaviour ross and nisbett cover the latest research on individual difference in social behaviour and relate it to the everyday experience of predictability concerning the behaviour of others the text relates questions of personality psychology to questions of social psychology and focuses on questions which the authors consider to be outside the mainstream of social psychology
