influenced by anarchism and especially by the anarcho syndicalist Georges Sorel the political praxis of Peruvian activist and scholar José Carlos Mariátegui 1894-1930 deviated from the policies mandated by the Comintern. Mariátegui saw that new subjectivities would be required to bring about a revolution that would not recreate bourgeois or fascist structures. A new society he argued required a new culture thus Mariátegui not only founded the Peruvian Socialist Party but also created *Amauta* a magazine that brought together the writings of the political and cultural avant gardes in the spirit of this approach bread and beauty not only studies the political significance of cultural habits and products it also looks at the cultural underpinnings of the political proposals found in Mariátegui's writings and actions.

José Martí contributed greatly to Cuba's struggle for independence from Spain with words as well as revolutionary action although he died before the formation of an independent republic he has since been hailed as a heroic martyr inspiring Cuban republican traditions.

This book explores the intersection between philosophical and literary universalism in Latin America tracing its configuration within the twentieth century Peruvian Socialist Indigenista tradition following from the work of José Carlos Mariátegui and elaborated in the literary works of César Vallejo and José María Arguedas departing from conventional accounts that interpret Indigenismo as part of a regionalist literature seeking to describe and vindicate the rural Indian in particular I argue that Peruvian Indigenista literature formed part of a historical sequence through which urban mestizo intellectuals sought to imagine a future for Peruvian society as a whole going beyond the destiny of acculturation imagined by liberal writers such as Manuel González Prada in the late nineteenth century I show how the Socialist Indigenista tradition imagined a bilateral process of appropriation and mediation between the rural Indian and mestizo integrating pre-Hispanic as well as Western cultural and economic forms so as to

give shape to a process of alternative modernity apposite to the andean world in doing so indigenista authors interrogated the foundations of european marxism in light of the distinctiveness of peruvian society and its history expressing ever more nuanced figurations of the emancipatory process and the forms of its revolutionary agency
