la comunidad latina the fastest growing ethnic group in the united states has long been told that assimilation is the only way to succeed in american society this book challenges that generally accepted view and concludes instead that transformation as a way of life is the only viable option for the latino community as a whole regardless of racial class regional or religious differences it highlights how in the everyday life of la comunidad latina the members of the community can recognize the underlying ways of life the stories and the patterns of relationships that cripple them and how to break with these ways of life stories and relationships to create fundamentally more loving and compassionate alternatives along with all men and women latinos and latinas face four choices retaining a blind loyalty to a romanticized past assimilating violating each other or transforming their ethnic and racial group for the better this examination of the underlying sacred meaning of the stories of the latino culture attempts to determine whether these stories are destructive or creative now coming of age la comunidad latina previously wounded by assimilation continues to tell its

story in art literature history and religion so that the world may perhaps for the first time see its personal political historical and sacred faces the most important story now being lived is that of latina women and latino men who are making choices that will determine the ultimate meaning of a new latino culture in this nation
