papers from a conference held in feb 2002 at the university of bath

fare propria la nostra eredità culturale imparare a esprimersi a osservare a pensare conoscere i diritti e i
doveri di ogni cittadino acquisire cioè gli strumenti per creare il proprio futuro per quanti milioni di
ragazzi non è stato possibile negli ultimi decenni la scuola è stata sempre meno in grado di svolgere il
suo ruolo investita dalla crisi dell'educazione e dell'autorità è stata fuorviata da teorie pedagogiche che le
chiedono di garantire agli allievi il diritto al successo formativo invece di richiamarli all'impegno
necessario per raggiungerlo una scuola così non assicura le competenze di base per qualsiasi futuro
lavorativo e per di più incide negativamente sul senso civico la cui notoria debolezza in Italia a sua
volta diseducativa il libro illustra i tratti della scuola indulgente anche con esempi di prima mano e
avanza numerose proposte per renderla più esigente nei confronti di tutti i suoi attori

i mestieri di cui si occupa questo libro professioni tecniche ed esecutive ben diffuse nell'industria e nei
servizi dovrebbero figurare tra le questioni prioritarie per il rilancio del nostro paese non solo per favorire
l'inserimento lavorativo dei giovani e delle donne ma anche per dare una risposta alla parte più dinamica

dell'economia nazionale quella che ruota attorno all'export e al made in Italy troppo spesso in difficoltà quando si tratta di reclutare tali profili professionali per adeguare gli organici e proiettarsi sui mercati internazionali rispondendo alle sfide poste dalla riconversione ecologica e da industria 4.0 per risolvere il paradosso tutto italiano del mismatch del mercato del lavoro: posti vacanti nelle aree più produttive del nord e disoccupazione precaria di una moltitudine di lavoratori fragili soprattutto al sud. Si sente ripetere che sarebbe necessario investire meglio e di più sulle politiche attive del lavoro ma per fare dei passi avanti in questo settore è fondamentale avvalersi di dati puntuali e riflessioni accurate sulle dinamiche occupazionali a livello territoriale. Il volume raccoglie i risultati di diversi studi condotti nell'ambito di opera: l'Osservatorio dei mestieri nato da una collaborazione fra Enaip e Unioncamere sulle qualifiche rilasciate nella filiera formativa regionale della Iefp Istruzione e Formazione Professionale. In tale ottica viene ricostruita la condizione sociale di estetisti, operatori del legno, tecnici esperti di impianti elettrici, informatici, chef addetti alla meccanica o ai servizi di portineria ecc. Usando molteplici fonti informative, le statistiche ufficiali sui contratti di lavoro dipendente, il sistema informativo sulle comunicazioni obbligatorie dei datori di lavoro, le previsioni di assunzione delle imprese, il sistema informativo Excelsior, i dati dell'indagine Inapp sulle prospettive professionali dei qualificati diplomati nella Iefp, la raccolta di biografie su chi svolge tali occupazioni, le valutazioni espresse dai formatori, ne emerge un quadro suggestivo e articolato su questi mestieri che sembrano fornire un ancoraggio professionale a chi li intraprende nonostante l'incertezza che caratterizza ogni lavoro nella società contemporanea.

italiano in diretta is an introductory four skills text appropriate for use in a course meeting three days a week or classes meeting four or five days a week in which significant class time is devoted to interactive work. The text features a communicative language approach, streamlined synthetic grammar presentations and a strong cultural focus. Student participation is encouraged through short dramatized dialogues and interactive activities. Authentic materials appear in every chapter bringing present day Italian culture directly into the classroom. A lively introduction to language and culture combined with strong emphasis on the four basic skills of listening, speaking, reading and writing make italiano in diretta a solid beginning text with a contemporary flair.
