now in its 179th edition laxton s has become a firm favourite in the uk building industry with more prices and more in depth build ups laxton s offers more practical and complete information than any other price book available this new edition takes

into account major price variations that stem from raw material costs in the last few months higher fuel costs have impacted on prices across the board in particular costs of non ferrous metals in increased copper sheet and pipe show price increases of well above 50% in the last year while zinc lead and aluminium prices have also risen significantly there are savings in plaster and drainage goods prices are down all the prices in this section are based on the new 3 year construction industry joint council wage rate agreement that came into force at the end of june 2006 saving you time comprehensive basic price and approximate estimating sections make putting together outline costings quicker and easier saving you effort all the information you need on each measured item is clearly set out on a single page with a full breakdown of costs saving you money all 250 000 prices are individually checked and updated to make sure that your tender costs are precise

companies live or die on the basis of estimating their costs preparing estimates and bidding for new jobs is a complex and often costly process there is no substitute for on the job training until now drawing on the authors combined experience of more than 70 years estimating building costs presents state of the art principles practices a current labor material and equipment costs for repair and remodeling work

this book contains all the information necessary for framing houses and light commercial buildings includes shortcuts to laying out speed cutting trimmers and plates rake walls installing ceiling backing ceiling joists and truss joists arches and drop ceilings all with time saving techniques over 100 on the job photos of how to do it right and what can go wrong

assemblies cost data is used by construction professionals for quick and accurate estimating of square foot costs and verification of unit price estimates it provides thousands of building assembly and component costs with accompanying drawings explanations and component breakdowns that can quickly estimate a building's square foot cost and compare price alternatives it contains separate reference aids with code requirements to assist in budgeting any job or in checking a unit price estimate or subcontractor proposal

this book covers the whys and hows of sound construction with step by step instructions showing how to handle the details in all construction

this book includes self test section at the end of each chapter test yourself then check

answers in the back of the book to see how you score cd rom included

another natural follow up to the titles we have on the inside of the house as well as the next step in erecting the house for those who understand sites footings and foundations there are a lot of requirements in the code for framing and the type of and application of roofs and roofing special emphasis will be placed on the type of construction required for those in tornado and hurricane areas putting in metal or steel framing now becoming cheaper than wood will be covered discussions will include the use of drills and metal stud screws for those who are more familiar with wood stick construction provides essential information needed to plan manage and complete the job tip boxes included throughout

this second edition of the standard guide to construction cost estimating now covers estimating in a wider range of trades whereas the first edition emphasized heavy construction especially in concrete this second edition includes estimation in building light construction presented here is a practical method for preparing consistent and detailed cost estimates for construction projects the construction project is divided into separate job items and each job item is subdivided and estimated by applying a system of unit costs covers terminology and includes handy tables
